RE: CONFIDENTIALITY REQUEST FOR RAVEN (2AN9Y-RVN0A0)

To Whom It May Concern:

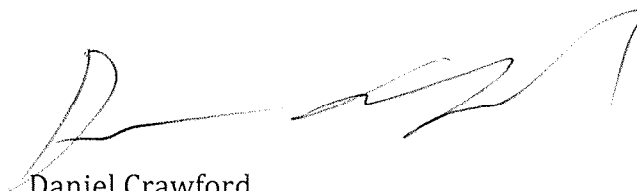

This letter serves as an official request for permanent confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the Block Diagrams, Schematics, Parts List, Technical Description and Internal Photos required to be submitted with this application be permanently withheld from public review.

The above documents are company proprietary information that could never get into the possession of the competition.

We also request that the internal photos be also held in permanent confidentiality due to proprietary information that could never get into the possession of the competition. The unit has no user serviceable parts and is designed not to be opened or modified by the user. The unit is glued/adhered in such a manner that only an authorized service depot is able to open and service device without damaging the device beyond operation.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read 'Daniel Crawford', with a stylized, sweeping flourish extending to the right.

Daniel Crawford
Director of R&D
