User Manual statements for host device with integrated modular approved transmitter

IC: 23072-AMNPTTX01

FCC ID: 2ANFF-AMNPTTX01

We hereby declare that this host device (surgical light) with HMN: Polaris will have its own user/installation manual and the manufacturer of this host device is instructed to include following statements from the modular approved transmitter:

FCC:

contains FCC ID: 2ANFF-AMNPTTX01

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference,
- (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and any human body.

§15.407: FCC regulations restrict operation of these devices to indoor use only.

ISED:

contains IC: 23072-AMNPTTX01

PMN: AMNPTTX01

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

RSS-247: The devices for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

This equipment should be installed and operated with minimum distance 20 cm between the radiator and any human body.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RSS-247: Les dispositifs fonctionnant dans la bande 5150-5250 MHz sont uniquement destinés à une utilisation à l'intérieur des bâtiments afin de réduire les risques d'interférences nuisibles avec les systèmes mobiles par satellite à canaux multiples.

Cet appareil doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et tout corps humain.

Sincerely,
CSA Group Bayern GmbH
