b.Interface (arrière)

4.Instructions d'utilisation

- Préparez le cordon d'alimentation USB des accessoires de l'emballage, branchez-le dans la prise DC 5V à l'arrière de l'écouteur, puis branchez l'autre extrémité du câble USB dans un chargeur USB ou un ordinateur. Le haut-parleur démarre automatiquement.
- Changement de mode filaire / sans fil: (1) Après avoir allumé le haut-parleur, attendez que le câble audio AUX n'est pas branché, l'écouteur "METZ Play1" sera automatiquement en mode Bluetooth. (2) Lorsque vous devez passer d'un mode à un autre, retirez le câble audio AUX et connectez-le à un autre appareil. (3) Lorsque vous devez passer d'un mode à un autre, retirez le câble audio AUX et connectez-le à un autre appareil.
- Connexion sans fil Bluetooth: (1) Assurez-vous que le haut-parleur est allumé et que le câble audio AUX n'est pas branché. (2) Lorsque vous devez passer d'un mode à un autre, retirez le câble audio AUX et connectez-le à un autre appareil.
- 3,5 mm MIC-Schnittstelle: (1) Spielen Sie über ein externes Telefon: In jedem Modus, stecken Sie das 3,5-mm-Kopfhörer-Mikrofon in den MIC-Eingangsanschluss auf der Rückseite, um den Mikrofonlaut zu hören.

5.Services après-vente et garantie
• Garantie de 12 mois pour les problèmes de la qualité. Si ce n'est pas lié à la qualité, le client doit payer les frais de retour et le frais de réparation.
• Dans les circonstances suivantes, nous ne serons pas en mesure de vous fournir des services gratuits:
(1) Dépassement de la période de garantie;
(2) Tous les dommages causés par des facteurs humains, y compris les dommages causés par une utilisation ou un stockage incorrect, tels que l'entrée de liquide, la compression par force externe et les dommages par choc, etc.;
(3) Les dommages causés par un dommage ou une réparation non autorisée;
(4) Dommages causés par d'autres facteurs de force majeure, comme les inondations, les incendies, etc.

FCC Warning
This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.
Radiation Exposure Statement
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
