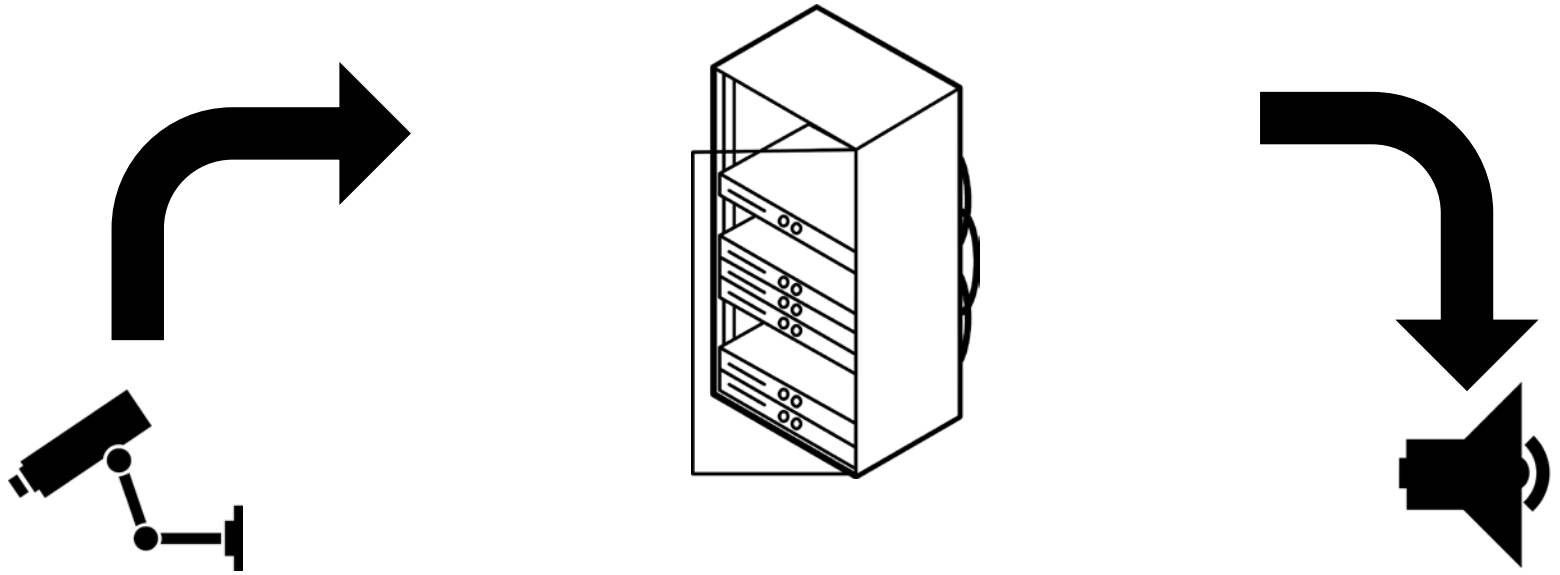
Chime user’s guide

Date	2017.09.19
Company	OLIVE AND DOVE CO.,LTD

Chime

1. What is Chime?



When another device signals the server, it receives data from the server and rings the bell.

This device enables to hear bell sound from a doorbell of Remo+ even if users hardly hear due to distance between where users are staying and where the doorbell is installed.

Chime

2. Appearance

1) Speaker
2) Status LED
3) Status Button
