How many users can access the DoorCam™ 2?
You can view DoorCam™ 2 from up to 5 iOS/Android devices:
1. Open the Remo+ app from your choice of device.
2. Log in using the same account email and password.
3. Enter a different profile name (this will show in the Viewers list).
Menu > Viewers > Click on Viewer XXXXX > Type in your preferred viewer name

How do I store my videos?

All DoorCam 2 videos are stored and saved on our free 3-day rolling Cloud plan. All accepted and missed activities can be viewed in your activity log for up to 3 days. Video recordings are protected with bank-level security and can only be accessed by registered users, not the Remo+ team.

If you want to view your videos for a longer time, you can purchase additional Cloud storage for 53/month or \$30/year.

TROUBLESHOOTING

Can't see the videos on your Recent Activity?

Can't find your home Wi-Fi during the setup process?
If you cannot get past step 6 on 'REGISTER DOORCAM™ 2' on the QSG, make sure you connect to your home Wi-Fi and retry the setup process by logging into your account and pressing 'Add Device'.

HOW TO DISPOSE YOUR BATTERIES

Alkaline batteries are not listed as a hazardous waste under the Resource Conservation and Recovery Act (RCRA). Most states classify alkaline batteries according to RCRA regulations. However, some states have more rigorous regulations. The hazardous waste characterization requirements of Alaska, California, Minnesota, Rhode Island and Washington include listing. South Carolina regulates all types of batteries as special waste. Therefore, disposal of alkaline batteries in South Carolina must be accomplished accordingly.

Please call 1-877-2-RECYCLE for information on recycling your used alkaline battery or visit www.call2recycle.org.

FCC COMPLIANCE STATEMENT

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC INTERFERENCE STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into a circuit different from which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC CAUTION

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC RADIATION EXPOSURE STATEMENT

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
