

Product Introduction

Diagram of a cylindrical container with the following labeled parts:

- rotating shaft
- Light switch button
- Light area
- Cell phone charging area

Operation Guide

-
- Diagram illustrating the back of the power bank with the following labels:
- Earphone charging area
 - Watch charging area
 - Type-C input

Wireless Charging Indicator Mode

7. When cellphone charging is finished while earphone charging area is in an abnormal working condition, the light area flashes in green.

Specifications

Input: 9V/2A
Cellphone charging output: 7.5W Max
Earphone charging output: 5W Max
Watch charging output: 3W Max
Charging Distance: $\leq 8\text{mm}$
Charging Efficiency: $\geq 80\%$

Wireless Charge Compatible Devices

iPhone: iPhone 8, iPhone 8Plus, iPhone X, iPhone XR
 iPhone 12 series, iPhone 13 series
 SAMSUNG: Note9, S9, S9+, Note8, S8, S8+, S7Edge, S7, Note5,
 Note6, Note7, S6Edge, S6Edge+, SM-W2019, SM-W2018,
 SM-W2017
 Nokia: 930, 830, 1520, 1020, 820, 720, 920, 925
 Google: 4.5/6/7
 XIOMI: MIX2S, 10/10pro, 9/9pro, MIX 3
 Earphone: HUAWEI Freebuds Pro, AirPods 2, AirPods 3,
 oppo Enco W51, Redmi AirDots 3 Pro
 Watch: Apple Watch
 Note: Compatible with all models that support the Qi
 standard (the above is just part of the models)

Package Includes

- 1 X Wireless charger
- 1 X USB Cable
- 1 X User Manual

※ Precautions

1. Support all devices enable Qi standard;
2. Please use QC2.0 or above adapter to activate fast charging;
3. All phone cases of metal or ring holder are not supported;
4. Please keep the product away from water or other liquid.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The user of this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not properly installed and used, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, the user can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.
