Hi Tina,

Many thanks for the great help in having all this done. It would be great if you could send me the grant documents reflecting the change of name for our files.

Kind regards

Catia Martins
General Counsel

Hi Catia,

It looks like the grantee name change has gone through. Below are screenshots of the equipment authorization system reflecting the change. All the grants listed below have been updated with the new company name. Please let me know if you need copies of the grant documents reflecting the new name.

In regards to the waivers, the waiver modification request was granted back in November (attached), so there isn't currently any pending waiver request for Proceq. Equipment authorizations with the new company name may be submitted once the grantee name change is approved. Therefore, you are all set regarding using the new name. The TCBs usually have to upload a copy of the waiver and they might have to also submit a note explaining that the grantee name has changed, including the approval date of the change. See KDB Publication No. 502150 (attached).

This concludes the company name change in the FCC's systems.

Please don't hesitate to contact me if have any questions.

Hi Tina,

Thank you so much. Attached please find the letter signed by myself as a board member of the company.

EIN is still the same (to the best of knowledge). Giovanni's is still with us but we have a new president of the company, Darren Burford, db@screeningeagle.com. Contacts remain the same.

Could you please request the 2nd code, registration code again? We do not have such code.

Thank you very much and kind regards

ContactFax:	(724) 512-0331

In regards to the Grantee change, do you have the grantee code registration number? At the time the grantee was registered, they issue a second code, called a registration code, that is used together with the grantee code (2ANPE) to submit filings. If you do not know the registration code, we can submit a request to the FCC to provide it to us.

Attached for your review and execution is the letter to be submitted together with the online form for the name change. The attached statement needs to be signed by an authorized person and put on your company letterhead.

Should you have any questions, please do not hesitate to contact me.

Subject: Re: Proceq USA Inc: Change of Name

Hi Tina,

Many thanks for the below and please find below my replies:

1) Change the Grantee Name

- A brief explanation why the company changed names (corporate image, correction, etc.): the change of name was for rebranding (corporate image) purposes. Proceq will remain as a brand name with its legacy and the company's entity will move ahead as Screening Eagle. We are renaming all our business units also.
- Grantee Code Registration Number for Grantee Code 2ANPE
- When did you start using the new company name? Was it right after registration or a later date? We started using the new name right after the registration.
- A copy/confirmation/certificate of the company name change registration: Please find attached resolution and certificate of amendment as filed for the change of name.

2) Update the FRN information

- CORES username and password log in information.
<https://apps.fcc.gov/cores/userLogin.do>

Username

- giovanni.tabelini@proceq.com
Login password: SwissgprGP8800!
FRN password: ProceqGP8800

Wishing you a great start to the week.

Kind regards

Catia Martins
General Counsel

Subject: RE: Proceq USA Inc: Change of Name

Hi Catia,

Section 2.929(c) of the FCC rules requires that notice of change of grantee name be submitted within 30 days after the grantee starts using the new name. Even though we are outside of the time requirement, this rule is rarely enforced and therefore we should proceed with the name change updates as soon as possible to make sure the FCC records are accurate. There are several things we need to do:

- 1) Change the Grantee Name for Grantee Code 2ANPE. We need the following information to proceed:
 - A brief explanation why the company changed names (corporate image, correction, etc.)
 - Grantee Code Registration Number for Grantee Code 2ANPE
 - When did you start using the new company name? Was it right after registration or a later date?
 - A copy/confirmation/certificate of the company name change registration
- 2) Update the FRN information for FRN 0026825836 – we need the CORES username and password log in information.

Regarding the waivers, KDB Publication No. 502150 states that the name change has to be submitted to the equipment authorization system (Grantee Name Change, mentioned in (1) above) before any new equipment authorization applications are submitted. I have also contacted the FCC to confirm if there is anything else that needs to be done in regards to the waivers, but I have not heard back yet. We should proceed with (1) and (2) above while awaiting a response from the FCC.

Once I have the information needed for (1) and (2) above, I will prepare a draft filing for your review, before submitting the name change to the FCC.

Should you have any questions, please do not hesitate to contact me.

Best,

Tina Murphy, CIPP/US, CIPP/E

Hi Tina,

It was just a rename, nothing else changed.

Will it have any impact on the waiver progress?

Thank you very much and wish you a good start to the week.

Kind regards

Subject: Proceq USA Inc: Change of Name

[This email originated outside of F&R.]

Dear Terry,

Nice to e-meet you. My name is Catia and I am in charge of all legal matters of the Screening Eagle group of companies, which includes Proceq.

Proceq USA, Inc has been renamed to Screening Eagle USA, Inc beginning of 2022. We did not up to now notify FCC of such change of name for neither the Waivers which have been already issued neither the one which is still in progress.

I would like to know what would be best approach to regularize the situation without compromising or delaying the issuance of the current waiver which is of the utmost importance to us.

In addition, I would like to understand if we are exposed to any potential risk for not having notified FCC of the rename in due time (e.g. fines) and if the commercialization of our products covered under the waivers in the USA would be compromised.

Thank you very much and I look forward to hearing from you.

Kind regards

Catia Martins
General Counsel
