

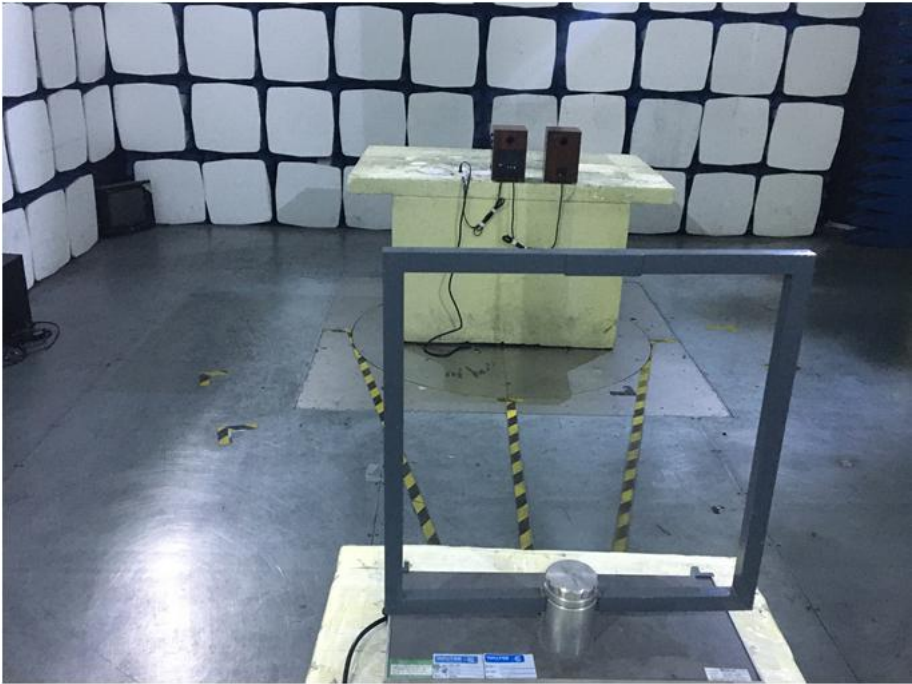

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a piece of electronic equipment (likely a spectrum analyzer or power supply) sits on a wooden bench. To its right, on a separate wooden table, are two black speakers and a smartphone. Cables connect the equipment to the speakers. A power strip is visible on the floor between the two tables.
Radiation Emission Test Setup (Below 30MHz)	 A photograph of a radiation emission test setup. A yellow test chamber sits on a grey floor. Two black speakers are placed on top of the chamber. In the foreground, a metal frame stands on a yellow base. The background wall is covered with white, square-shaped absorbers. Yellow and black striped caution tape is on the floor.

**Radiation Emission Test
Setup (30MHz to 1GHz)**

**Radiation Emission Test
Setup (1GHz to 18GHz)**

**Radiation Emission Test
Setup (Above 18GHz)**
