

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing two identical wooden speakers with a dark wood grain finish. They are positioned side-by-side on a grey surface. A yellow measuring tape is laid out horizontally in front of them, and another is laid out vertically to the left of the left speaker. To the right of the speakers, there are two black cables with gold-colored connectors and a small black rectangular object.
EUT View 2	 A photograph showing the same two wooden speakers from a slightly different angle. The yellow measuring tapes are still present, providing a sense of scale. The background is the same grey surface.
