<tr>
<td>Previous track</td>
<td>Press and hold “V+” 2s</td>
</tr>
<tr>
<td>Next track</td>
<td>Press and hold “V-” 2s</td>
</tr>
</tbody>
</table>

4.2 Three-party calling

- When a new call is incoming during call communication (Call A): short press MFB once to end the current call and answer the new call (Call B).
- When a new call is incoming during call communication (Call A): double click MFB once to leave Call A and answer the new call (Call B). Repeat to double click MFB once again to switch Call A/B.

5. Product specification

1. BT version: 4.1
2. Audio: A2DP, HSP, HFP
3. Operation range: Class 2, not less than 10M
4. Charging times: 3-5h
5. Charging voltage: DC5±0.25V
6. Frequency range: 22Hz-18kHz
7. Sensitivity: more than 93dB
8. Dynamic range: up to 110dB
9. Standby time: 10 days
10. Headset weight: 1.3g
11. Water proof level: IPX7

SAFETY INFORMATION:

- Do not expose the headphones in extreme weather (below 0°C or above 45°C).
- Do not use the headphones in thunderstorm weather which might cause malfunction and increase the risk of electric hazard and fire.
- If the product overheats, has been dropped or damaged or has been dropped in a liquid, discontinue use.
- This package contains small parts that may be hazardous to children.
- Always store the product out of reach from children.
- Keep the volume at the lowest level possible.
- If increased volume is necessary, adjust the volume control slowly.
- If increased volume is necessary, adjust the volume control slowly.
- If you experience discomfort or ringing in your ears, immediately discontinue use of the headset.
- With continued use of high volume, your ears may become accustomed to the sound level which may result in permanent damage to your hearing or notify no uncomfortable discomfort.
- If you experience discomfort or ringing in your ears, immediately discontinue use of the headset.

WARNING:

Permanent hearing loss may result from long-term exposure to sound at high volumes. Use at low volume as possible and avoid prolonged use of the headset at or above the maximum level.

Tips:

- Prior to using this product follow these steps:
  1. Before putting on the headset, turn the volume control to the lowest level possible.
  2. Stretch your ear or earpieces and slowly adjust the volume control to a comfortable level.
- During the use of this product:
  1. Keep the volume at the lowest level possible.
  2. If increased volume is necessary, adjust the volume control slowly.
- If you experience discomfort, or ringing in your ears, immediately discontinue use of the headset.
- With continued use of high volume, your ears may become accustomed to the sound level which may result in permanent damage to your hearing or notify no uncomfortable discomfort.

FCC STATEMENT:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reseat or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

4. What’s in the box?

- Headset storage box
- USB charging cable
- Silicone ear hook
- Ear hanger
- Multi-function button
- Magnetic cover
- LED indicator
- Volume up
- Volume down
- Micro-USB port
- Earplugs
- Ear hook
- Ear hook
- Silicone earplugs
- Ear hook

10. Waterproof level: IPX7

6. Safety instructions for the Lithium-Polymer battery pack

- Do not expose the headphones in extreme weather (below 0°C or above 45°C).
- Do not use the headphones in thunderstorm weather which might cause malfunction and increase the risk of electric hazard and fire.
- If the product overheats, has been dropped or damaged or has been dropped in a liquid, discontinue use.
- This package contains small parts that may be hazardous to children.
- Always store the product out of reach from children.
- Keep the volume at the lowest level possible.
- If increased volume is necessary, adjust the volume control slowly.
- If increased volume is necessary, adjust the volume control slowly.
- If you experience discomfort or ringing in your ears, immediately discontinue use of the headset.
- With continued use of high volume, your ears may become accustomed to the sound level which may result in permanent damage to your hearing or notify no uncomfortable discomfort.
- If you experience discomfort or ringing in your ears, immediately discontinue use of the headset.

WARNING:

In an act of abuse, users or the Lithium-Polymer battery pack can lead to:

- Fire development
- Explosion
- Choking if ingested
- Electrical shock
- Reduced battery life
- Fire development

Do not throw the product into a fire.
Do not expose the product to water.
Do not disassemble the product.
Do not use the product if it is obviously defective.

Discontinue use of the product if it has been dropped or damaged.
Inextreme cases, abuse or misuse of the Lithium-Polymer battery pack can lead to:

- Fire development
- Explosion
- Choking if ingested
- Electrical shock
- Reduced battery life
- Fire development

Do not throw the product into a fire.
Do not expose the product to water.
Do not disassemble the product.
Do not use the product if it is obviously defective.
