User Manual

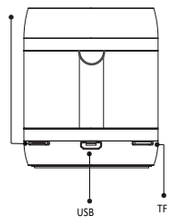

unpack

Open the package and check whether the following parts are complete

-EW:A\Audio A113
-USB data cable

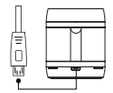

Key interface

QuickStart

on and off: Press and hold the switch button for about 2 seconds.
There is a tone for starting up and shutting down

Charging: Use a Micro USB port charger
Charge the stereo.
Charging button inside the red light,
power Fill and extinguish.

bluetooth connection

Open the Bluetooth Settings screen, search for "EWA Audio A113" and connect to Bluetooth.
T-card mode takes precedence over Bluetooth mode.

interconnection

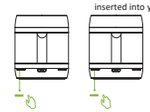

Interconnect pair (second one needs to be purchased separately)

1.Bluetooth off

2.Make sure you don't have a microSD card inserted into your speaker

3.Press and hold both to power on

interconnection

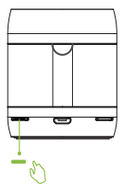

4.Double-click one of the two devices. When you hear the beep tone, the pair is successfully paired and the blue light turns on. If you do not succeed within 30 seconds, repeat steps 2 and 3.

5.Turn on your Bluetooth Settings to search and pair, and the blue light will blink slowly after the pairing is successful

Note:
b. a. First interconnect 1 After pairing is complete, the two speakers will automatically pair after turning on, and then also automatically connect to your Bluetooth device without any further action.
b. If automatic pairing is not possible, try deleting your Bluetooth device Record and repeat the above steps to complete the pairing.

Crash reset

When the speaker crashes and cannot be controlled, you can reset it.
Press the power button for 8 seconds to reset.
