

Lable Location Info

FCC ID: 2ANWR-WMOD200

IC: 23256-WMOD200 / HVIN: WMOD200

Due to its size of 0.6 cm * 0.6 cm there is not enough space to place the required certification identification in a readable size (min 4 point) on the device itself.

This modular approved transmitter will exclusively be integrated by the Grantee/Certificate Holder "Wöhler Technik GmbH" into their own final end-products.

The host device will be labeled "Contains FCC ID: 2ANWR-WMOD200" and "Contains IC: 23256-WMOD200" respectively.
