EUT View 4	 A photograph of a white, rectangular portable printer lying flat on a blue surface. A black ruler with white markings is placed vertically to the left of the printer, showing measurements in centimeters and millimeters. The printer has a small label on its top surface that reads "Portable Printer", "Model: LP-P10 Input: 5V-2A", "Guangzhou Return Electronic Technology Co., Ltd.", and includes CE, RoHS, and other certification marks. The printer has two small, recessed handles on its top edge.
EUT View 5	 A photograph showing the side profile of the same white portable printer. It is positioned on a blue surface next to the same black ruler. The side view shows the printer's thin profile and a long, narrow slot on its side, likely for a paper or tape feed. The ruler indicates the printer's length is approximately 100 mm.
