Product Structure

Basic Operating Functions

Tips: All table lamp models require connection to a power source for use. They will automatically turn on and begin rotating when powered up.

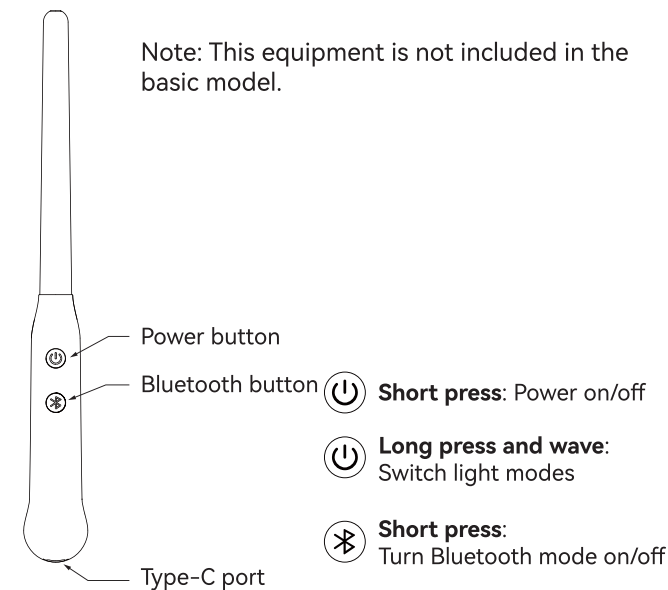

Host Operation Functions:

- ① Short press “

Remote Control Operation:

- ① Briefly press “

Note: This equipment is not included in the basic model.

Specification

Table Lamp Rated Wattage	8 W
Power Input	5V/3A 9V/2A
Product Size	115x115x305mm
Packing Size	122*122*318mm
Product weight	480g (Basic) / 530g (DLX)
Operating Temperature	-10°C ~ 55°C
Luminous flux	200 LM
Color temperature	White light 3700K - 3900K Color light 2800K - 4000K
Color rendering index	>80
Switch	Touch control, remote control
Total LED Beads	32 pcs (Basic) / 46 pcs (DLX)
Interface	USB Type-C
Material	ABS、PE
Execution standard	GB7000.204-2008 GB7000.1-2015

Frequently asked questions

FAQ	Reasons
This product cannot be powered.	1. The power supply or charging cable parameters are mismatched or damaged; 2. Poor contact at the plug-in connections in the power supply section; 3. Other reasons.
Bluetooth malfunction	1. Ensure the device is in Bluetooth pairing mode; 2. Restart Bluetooth functionality: Turn off Bluetooth on your phone or computer, wait a few seconds, then turn it back on; 3. If pairing fails or connection cannot be established, clear the paired device records, turn off the connected phone, and then re-enable Bluetooth; 4. Other reasons.
Remote control is not functioning.	1. Check whether the remote control power switch is turned on; see the front panel lights to confirm if they are illuminated. 2. Excessive control frequency prevents the completion of commands. 3. Check if the battery is low; 4. Failure to use the correct operating controls; 5. Other reasons.

Precautions

- When charging, use the power adapter at the specified wattage. Using a lower wattage may cause instability or abnormal behavior.**
- Avoid excessive remote control usage. It is recommended to complete one command before issuing the next.**
- When using the rotation function of this product, do not manually interfere with the rotation of the lampshade to avoid unnecessary damage.
- This product may turn on or off under strong electromagnetic interference.

- The light source in this fixture is non-replaceable; when the light source reaches the end of its service life, the entire fixture should be replaced.
- If this product emits an unusual odor, becomes excessively hot (it may feel slightly warm during normal use but should not be hot to the touch), or exhibits changes in color or shape during use or storage, discontinue use immediately and contact your dealer.
- Improper use or placement of this product or material may result in reduced lifespan or damage. Any liability arising therefrom is not covered under warranty. We appreciate your understanding.

Maintenance

- Do not place the product in water, fire, or environments with excessively high temperatures (>45°C) or low temperatures (<-10°C). Keep out of reach of children, and especially prevent children from handling the accessories.
- Do not disassemble or modify the product, as this may damage its protective devices, leading to overheating of wires, fire, or explosion.
- Do not subject the product to violent impacts, drops, collisions, or friction. Such actions may cause dents, punctures, cracks, deformation, corrosion, or other abnormalities. Cease use immediately if any such issues occur.
- Clean the surface with a dry, soft cloth. Do not use chemicals, soap, or detergents.

Warranty

We sincerely thank you for purchasing and using our company's products!

This product strictly adheres to the national warranty policy, with the following specific terms:

- This warranty applies only to products sold by our company. Products without our company's label are not covered.
- Unboxed products must be returned with all original packaging and accessories intact.
- The following situations are not covered under warranty:
 - Damage caused by human error not related to product quality, such as: damage to the product casing, wear and tear, cracks, breaks, peeling, fractures, deformation, liquid ingress, etc.;
 - Damage caused by unauthorized disassembly or tampering by non-authorized repair personnel;
 - Products beyond the warranty period;
 - Discrepancies between the warranty certificate and the actual product labeling, or any alterations to the warranty certificate;
 - Products lacking a valid warranty certificate or invoice;
 - Damage resulting from other force majeure events.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
