

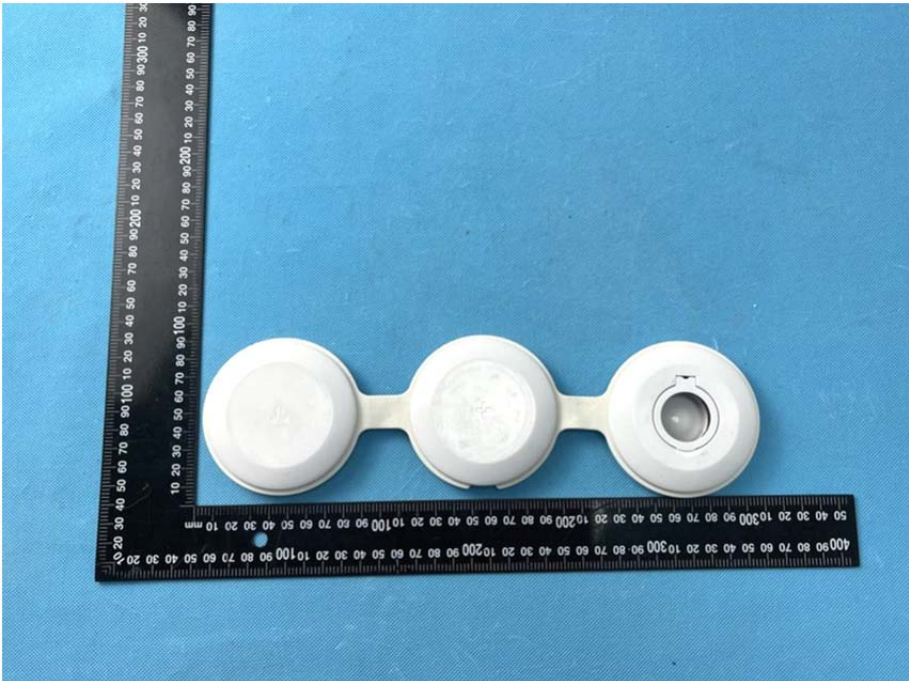

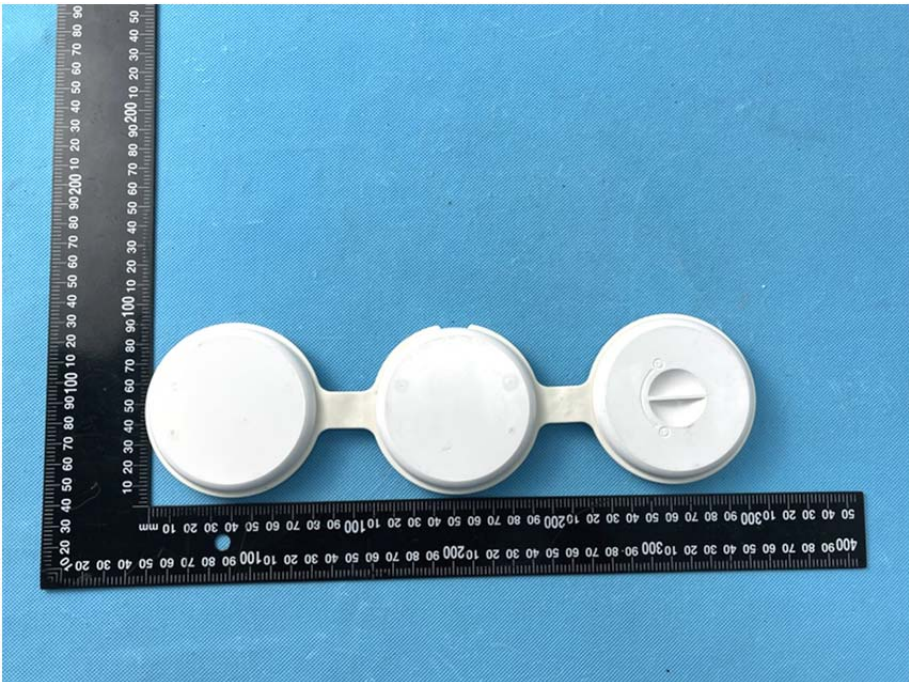

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing three white, circular electronic components (likely test sockets or connectors) connected by a yellow plastic strip. They are laid out horizontally on a blue textured surface. A black L-shaped ruler is placed next to them for scale. The ruler has markings in millimeters and centimeters. The components are arranged in a row, with the middle one slightly offset.
EUT View 2	 A photograph showing the same three white, circular electronic components from a different perspective, likely the underside. They are connected by the same yellow plastic strip and are laid out horizontally on the same blue textured surface. A black L-shaped ruler is placed next to them for scale, similar to the first view.
