Important Safety Instructions

Please refer to the electrical and safety information on the bottom before installing or operating the product.

- Avoid dropping.
- Do not disassemble.
- Do not expose to liquids.
- This product is suitable for moderate climates only.
- Open flame sources, such as candles, must not be placed on this product.
- Only use a dry cloth or brush to clean this product.
- Do not connect Anker **Power Strip** to an ungrounded outlet.
- Do not use with extension cords.
- Do not exceed electrical ratings.
- Use in dry, indoor locations only.
- Keep Anker **Power Strip** away from heat-

- emitting appliances such as radiators.
- Keep children away from Anker **Power Strip**.
- This wireless charger is not compatible with non-Magsafe phone cases, such as Otterbox Defender cases.
- Do not place any foreign objects between your device and the wireless charger's surface, including metal pads on a car mount, magnetic cards, door keys, coins, NFC cards or other metal objects, as they could potentially demagnetize the wireless charger, affect the charging speed, or cause overheating.
- Wireless chargers make charging more convenient than wired chargers, but confined by current wireless technology, their charging speed is slower than that of wired chargers.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator & your body.

Model: A9137
The following importer is the responsible party (for FCC matters only). Company Name: Fantasia Trading LLC
Address: 5350 Ontario Mills Pkwy, Suite 100, Ontario, CA 91764
Telephone: +1 800 988 7973

IC Statement

This device complies with RSS-216 of Industry Canada and Industry Canada license-ICES-003. Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RSS-Gen Issue 5 March 2019

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF exposure statement:

The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 10cm between the radiator and your body. This device complies with Industry Canada license-ICES-003. Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device. This digital apparatus complies with CAN ICES-003(B)/NMB-003(B).

Instrucciones de seguridad importantes

  Consulte la información eléctrica y de seguridad d la parte inferior antes de instalar o utilizar el producto.

- Evite que el dispositivo sufra caídas.
- No desmonte el dispositivo.
- No esponga el dispositivo a líquidos.
- Este producto solo es adecuado para climas moderados.
- No coloque fuentes de llama abierta, como velas, sobre este producto.
- Utilice únicamente un paño seco o un pincel para limpiar el producto.
- No conecte Anker **637** Magnetic Charging Station (MagGo) a una toma de corriente sin conexión a tierra.
- No utilizar con cables de extensión.
- No exceder las clasificaciones eléctricas.
- Utilizar únicamente en lugares interiores y secos.
- Mantenga Anker **637** Magnetic Charging Station (MagGo) lejos de dispositivos emisores de calor, como radiadores.
- Mantenga el Anker **637** Magnetic Charging Station (MagGo) fuera del alcance de los niños.
- Este cargador inalámbrico no es compatible con fundas para teléfonos que no sean MagSafe, como las fundas Otterbox Defender.
- No coloque ningún objeto extraño entre su dispositivo y la superficie del cargador inalámbrico, incluyendo almohadillas metálicas de soportes para automóvil, tarjetas magnéticas, llaves de puertas, monedas, tarjetas NFC u otros objetos metálicos, ya que podrían desmagnetizar el cargador inalámbrico y afectar a la carga, a la velocidad o provocar un sobrecalentamiento.
- Los cargadores inalámbricos proporcionan mayor comodidad que los cargadores con cable, pero, al estar limitados por la tecnología inalámbrica actual, ofrecen una velocidad de carga más lenta que estos.

Especificaciones

Entrada de CA	125 VCA 60 Hz 10 A
Salida de CA	125 VCA 60 Hz 10 A 1250 W
Salida USB-A	5V≡3A (2,4 A máx. en cada puerto)
Salida USB-C	5 V≡3 A/9 V≡3 A/12 V≡3 A/15 V≡3 A/ 20 V≡3,25 A(cada puerto)
Salida USB total	65W
Salida inalámbrica	7,5 W máx.
Temperatura de funcionamiento	25°C ±3 °C
Tamaño	112*110*103 mm
Longitud del cable	5 pies

Consignes de sécurité importantes

  Veuillez vous référer aux informations électriques et de sécurité figurant sur le dessous avant de monter ou d'utiliser le produit.

- Ne pas faire tomber.
- Ne pas démonter.
- Ne pas exposer à des liquides.
- Ce produit est adapté uniquement aux climats tempérés.
- Ce produit ne doit pas être exposé à des sources de flamme nue telles que les bougies.
- Nettoyez ce produit uniquement avec un chiffon sec ou une brosse.
- Ne branchez pas la Anker **637** Magnetic Charging Station (MagGo) sur une prise de courant non mise à la terre.
- N'utilisez pas ce produit avec des rallonges.
- Ne dépassez pas les caractéristiques électriques.
- Utilisez ce produit uniquement à l'intérieur, dans des endroits secs.
- Gardez la Anker **637** Magnetic Charging Station (MagGo) éloignée des appareils émettant de la chaleur, tels que les radiateurs.
- Tenez les enfants éloignés de la Anker **637** Magnetic Charging Station (MagGo).
- Ce chargeur sans fil n'est pas compatible avec les étuis de protection pour téléphone non-MagSafe, comme les étuis Otterbox Defender.
- Ne placez aucun objet étranger entre votre appareil et la surface du chargeur sans fil, y compris les plaques métalliques des supports pour voiture, les cartes magnétiques, les clés, les pièces de monnaie, les cartes NFC ou tout autre objet métallique, car ils pourraient potentiellement démagnétiser le chargeur sans fil, réduire la vitesse de charge ou provoquer une surchauffe.
- Les chargeurs sans fil facilitent le chargement comparés aux versions filaires traditionnelles. Néanmoins, restreinte par la technologie sans fil actuelle, la vitesse de chargement est plus lente que celle des chargeurs filaires.

Spécifications

Entrée CA	125 V CA 60 Hz 10 A
Sortie CA	125 V CA 60 Hz 10 A 1250 W
Sortie USB-A	5V≡3A(2,4 A max chaque port)
