1. APP

Google Play and the Google Play logo are trademarks of Google Inc.

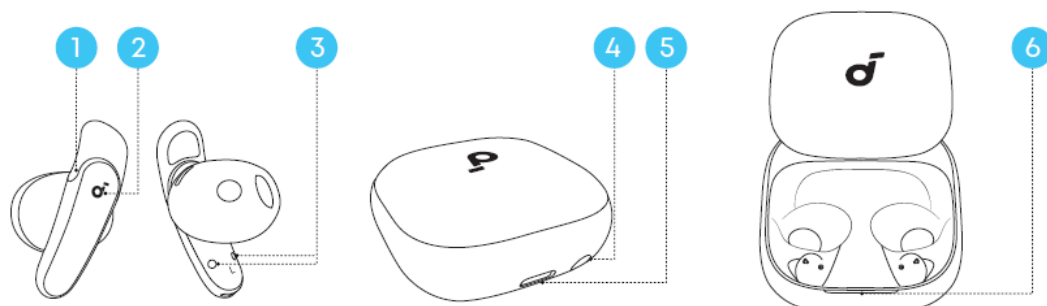

Apple and the Apple logo are trademarks of Apple Inc.

Download the soundcore app to experience ambient sound modes, adaptive EQ settings, Spatial Audio, AI Translation, HearID sound, firmware updates, and more exciting features.

If your earbuds cannot connect to the soundcore app, try re-installing the app or updating it to the latest version available in your mobile app store.

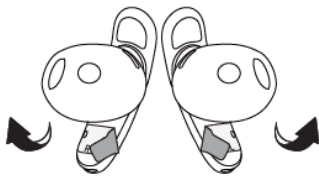

2. OVERVIEW

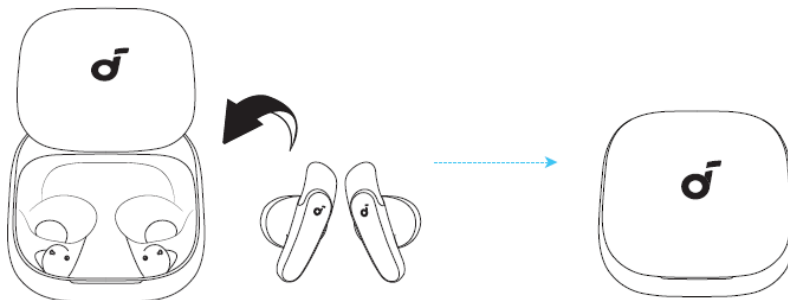

1. Ear Fin Slot
 - Size 2 ear fins come attached to the earbuds at the time of purchase.
2. Touch Control Area

- Tap the control area on the earbud stems to manage different functions.
- 3. Earbud Charging Contactors
- 4. Charging Case Button
- 5. USB-C Charging Port
- 6. LED Light Strip

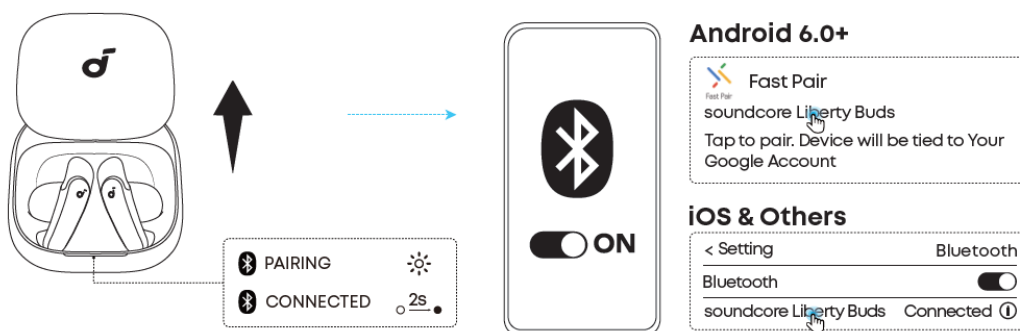

3. POWERING ON AND PAIRING

1. Remove the protective films from the earbuds.

2. Return the earbuds to the case and close the case.

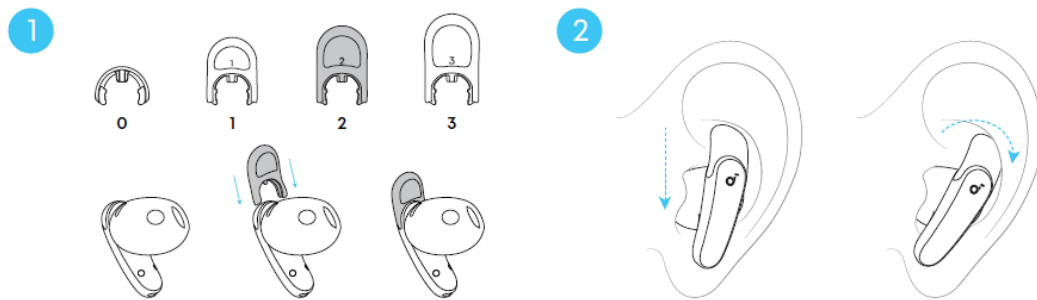

3. Reopen the case to power on and enter pairing mode. Select "soundcore Liberty Buds" to connect. Once connected, the LED light strip will stay on for 2 seconds before turning off

Google Fast Pair Supported: Enjoy instant pairing with your Android smartphone

(running Android 6.0 or above) using Google Fast Pair.

4. WEARING GUIDE

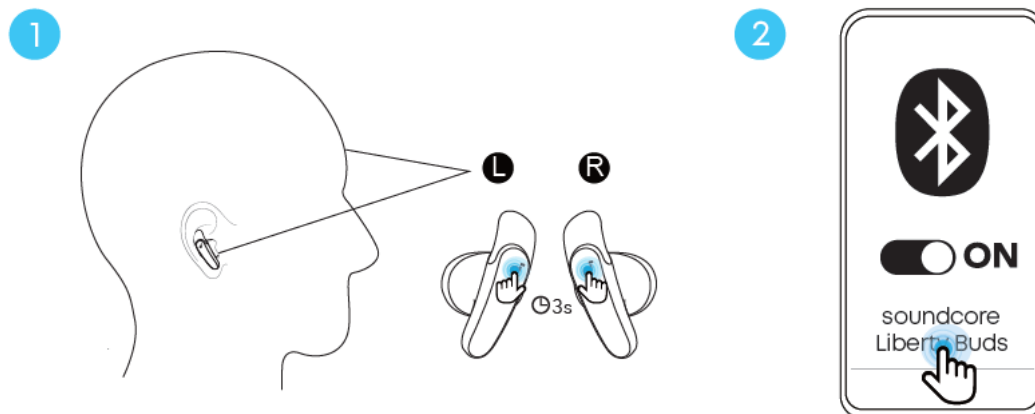

1. Try different ear fins for better fit, comfort, and stability.
2. Gently place the earbuds into your ear canal and rotate them for a snug fit.
3. Take a fit test in the soundcore app to ensure you get the best active noise cancelling performance.

- Dust, earwax, or other debris can accumulate in the earbuds. To maintain optimal sound quality, regularly clean your earbuds. Use a cotton swab slightly moistened with rubbing alcohol to gently wipe the metal mesh filter under the rubber ear tips. Ensure the alcohol on the metal mesh filter has completely dried before using the earbuds again.

5. DUAL CONNECTIONS

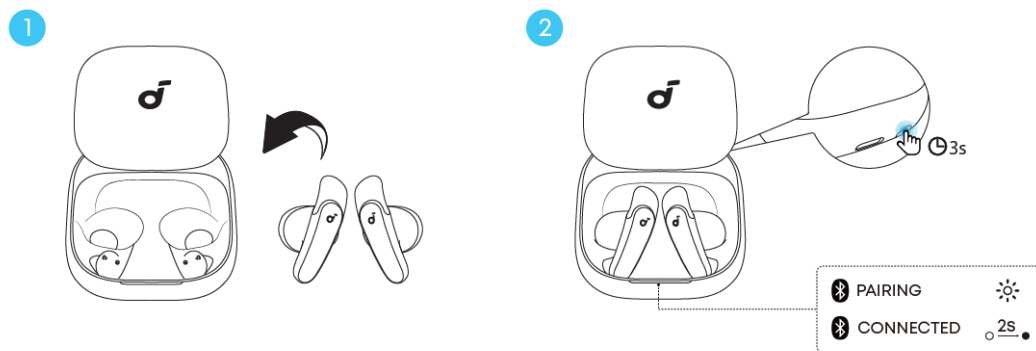

Dual Connections feature is enabled by default.

To connect a second device while one device is already connected, tap the control area on both earbud stems for 3 seconds until you hear a voice prompt of entering pairing mode. You can then proceed to pair with the second device.

If you wish to disable Dual Connections, you can do so in the soundcore app. Tap the cogwheel icon in the upper right corner to access **Settings**, then swipe the **Dual Connections** toggle switch to the left to turn it off.

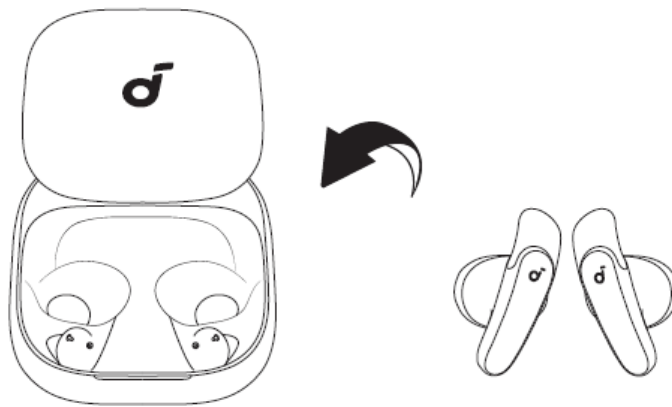

6. MANUAL PAIRING

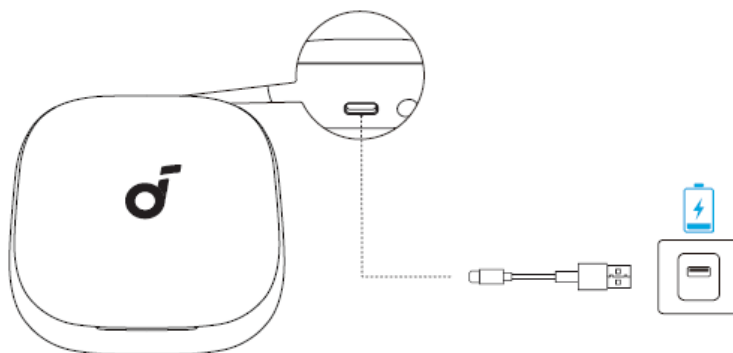

To manually enter Bluetooth pairing mode, place the earbuds in the charging case and leave the case open. Press and hold the reset button behind the charging case for 3 seconds until the LED indicator flashes white rapidly.

7. CHARGING

1

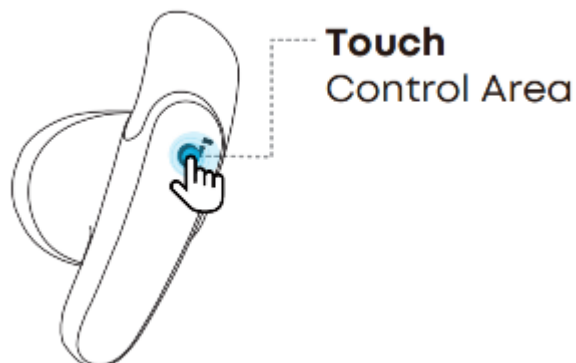

2

1. Place the earbuds in the charging case and close it.
 - Fully dry off the earbuds and the USB-C charging port before charging.
2. Connect the charging case to a power supply by using the provided USB-C charging cable.

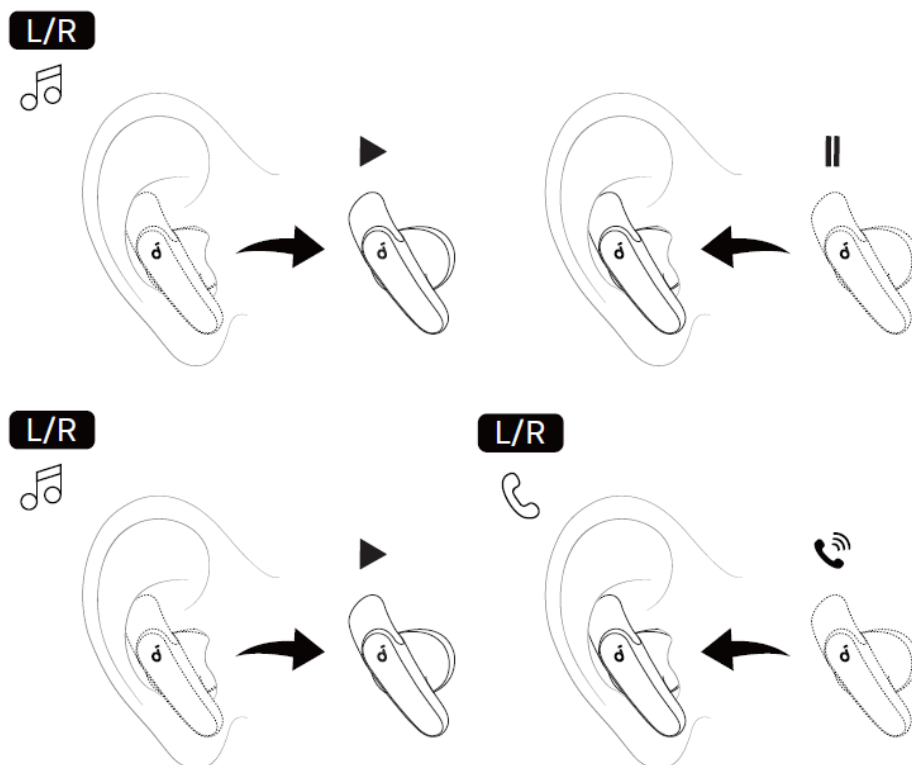

Fully charging the case with earbuds inside takes about 3 hours via cable. A 10-minute charge of the earbuds in the charging case provides 4 hours of playtime.

8. CONTROLS

		Using Dual Earbuds	Using Single Earbud
	Play / Pause Audio	Tap twice (R)	Tap twice
	Play the Next Track	Tap twice (L)	/
	Answer a Call	Tap twice (L/R)	Tap twice
	Reject a Call / End a Call	Tap and hold for 2 seconds (L/R)	Tap and hold for 2 seconds
	Switch Between Ambient Sound Modes	Tap and hold for 2 seconds (L/R)	Tap and hold for 2 seconds

9. WEARING DETECTION

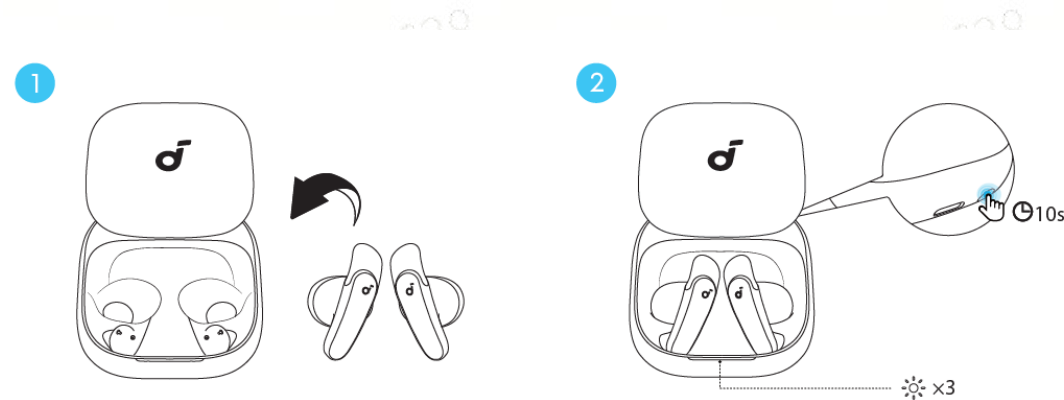

Playback will automatically pause when an earbud is removed and will resume again once you wear it. Wear either earbud to automatically answer an incoming call.

10. AMBIENT SOUND

You can select from Noise Cancellation, Normal, or Transparency modes in the soundcore app.

- **Adaptive ANC:** Optimize noise cancellation by adapting to your ears and environment.
- **Normal:** Enjoy balanced sound without noise cancellation.
- **Transparency:** Stay aware of your surroundings while listening to music.

11. RESET

You might need to reset the earbuds if you experience any connectivity issues.

Place the earbuds in the charging case and leave the case open. Press and hold the reset button behind the charging case for 10 seconds until the LED light strip flashes white rapidly three times.

12. LED BEHAVIOR

Check the Battery Level

You can check the battery level indicated by the LED light strip whenever you open the case.

Battery Level	LED Behavior
0-20%	The middle part of the LED light strip stays on in red for 5 seconds and then goes off.
20-60%	The middle part of the LED light strip stays on in white for 5 seconds and then goes off.

>60%	The entire LED light strip stays on in white for 5 seconds and then goes off.
------	---

Charging

When charging, the LED behavior varies as the battery reaches different levels.

Battery Level	LED Behavior
0-20%	The middle part of the LED light strip breathes in red.
20-60%	The middle part of the LED light strip breathes in white.
60%-100%	The entire LED light strip breathes in white.
100%	The entire LED light strip stays on in white for 5 minutes and then goes off.

Bluetooth Connection

Status	LED Behavior
Pairing	The entire LED light strip flashes quickly in white.
Connected	The entire LED light strip stays on for 2 seconds and then goes off.
Bluetooth Settings Reset Successfully	The entire light strip flashes in white three times.

13. FIRMWARE UPDATE

You will be informed once a new firmware version is detected when you connect the earbuds to the app. Ensure the earbuds are placed in the charging case and the case remains open until the firmware update is complete. During the update, ensure the earbuds are being charged and avoid any usage.
