Use as a Bluetooth Speaker

Press to switch to Bluetooth speaker mode and
select **Nebula Mars 3 Air** to connect.

Nebula Connect App

Download the **Nebula Connect** app for the best
projector experience.

Important Safety Instructions

- For pluggable equipment, the socket-outlet shall be easily accessible.
- Please ensure that you only use the adapter provided by the manufacturer. Using an unauthorized adapter may be dangerous and violate the Terms of Use and the product warranty.
- Do not use the product in an environment where the temperature is too high or too low. Never expose the product to strong sunshine or wet environments.
- It is recommended to charge the product in an environment with a temperature that ranges from 5°C~25°C / 41°F~77°F.
- When supplying power, place the device in an environment that has a normal room temperature and good ventilation.
- Do not use the product in any way other than described herein in order to avoid personal injury or property damage.
- Users should comply with the laws and regulations of the corresponding countries and regions where the equipment is located (used), pay attention to safety obligations, and strictly prohibit the use of our products or equipment for any illegal purposes. Our company will not be responsible for any violators' legal liability under any circumstances.
- Possibly hazardous optical radiation emitted from this product may be harmful to the eyes. Do not stare at operating beam.

Warning:

- Replacing a battery with an incorrect type may nullify safeguards and create danger;
- Disposal of the battery/device in a fire, a hot oven, or another source of significant heat, or by mechanically crushing or cutting the battery/device may result in an explosion;
- Leaving the battery/device in an extremely hot environment may result in an explosion or leakage of flammable liquids or gases;
- Subjecting the battery/device to extremely low air pressure may result in an explosion or leakage of flammable liquids or gases.

Attention:

- Le remplacement d'une batterie par un type incorrect peut annuler les protections et créer un danger ;
- La mise au rebut de la batterie/du dispositif dans un feu, un four chaud ou toute autre source de chaleur importante, ou l'écrasement mécanique ou le découpage de la batterie/du dispositif, peut entraîner une explosion ;
- Laisser la batterie/le dispositif dans un environnement extrêmement chaud peut entraîner une explosion ou une fuite de liquides ou de gaz inflammables ;
- La batterie / le dispositif soumis à une pression d'air extrêmement faible peut entraîner une explosion ou une fuite de liquides ou de gaz inflammables.

CAUTION: RISK OF EXPLOSION IF BATTERY IS
REPLACED BY AN INCORRECT TYPE. DISPOSE
OF USED BATTERIES ACCORDING TO THE
INSTRUCTIONS.

ATTENTION: RISQUE D'EXPLOSION SI LA
BATTERIE EST REMPLACÉE PAR UN TYPE
INCORRECT. ÉLIMINER LES BATTERIES USÉES
SELON LES INSTRUCTIONS.

Notice (Europe and the United Kingdom)

CE This product complies with the radio interference
requirements of the European Community.

Declaration of Conformity

Hereby, Anker Innovations Limited. declares that this
device is in compliance with the essential requirements
and other relevant provisions of Directive 2014/53/EU.
For the Declaration of Conformity, visit the Web site
<https://uk.seenebula.com/>.

The suitable temperature range for the projector and its
accessories is 0°C~35°C / 32°F~95°F.
The adapter is for indoor use only. The adapter type is
NSA90ED-19047401 with a rated output
voltage/current of 19.0VDC / 4.74A.

RF Exposure Information

The Maximum Permissible Exposure (MPE) level has been
calculated based on a distance of d=20 cm between the
device and the human body. To maintain compliance with
RF exposure requirements, maintain a 20cm distance
between the device and the human body.

Frequency Bands and Power:

Function	Bands	Operation Frequency	Max Power
Bluetooth (Projector)	2.4 GHz	2402-2480 MHz	EIRP 15.75 dBm
WiFi (Projector)	5 GHz	2412-2472 MHz	EIRP 19.53 dBm
		5150-5250 MHz	EIRP 22.35 dBm
		5250-5350 MHz	EIRP 19.07 dBm
		5470-5725 MHz	EIRP 19.77 dBm
Bluetooth (Remote Control)	2.4 GHz	5725-5850 MHz	EIRP 13.87 dBm
		2402-2480 MHz	EIRP 8 dBm

5150~5350 MHz can only be used indoors.

Your product is designed and manufactured with
high-quality materials and components, which can
be recycled and reused.

This symbol means the product must not be
discarded as household waste, and should be
delivered to an appropriate collection facility
for recycling. Proper disposal and recycling
helps protect natural resources, human
health, and the environment. For more
information on the disposal and recycling of
this product, contact your local municipality,
disposal service, or the shop where you
bought this product.

Notice (United States of America)

FCC Statement

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions: (1)
this device may not cause harmful interference, and (2)
this device must accept any interference received,
including interference that may cause undesired
operation.

Warning: Changes or modifications not expressly
approved by the party responsible for compliance could
void the user's authority to operate the equipment.

Note: This equipment has been tested and found to
comply with the limits for a Class B digital device,
pursuant to Part 15 of the FCC Rules. These limits are
designed to provide reasonable protection against
harmful interference in a residential installation.

This equipment generates uses and can radiate radio
frequency energy and, if not installed and used in
accordance with the instructions, may cause harmful
interference to radio communications. However, there is
no guarantee that interference will not occur in a
particular installation. If this equipment does cause
harmful interference to radio or television reception,
which can be determined by turning the equipment off
and on, the user is encouraged to try to correct the
interference by one or more of the following measures:
(1) Reorient or relocate the receiving antenna. (2)
Increase the separation between the equipment and
receiver. (3) Connect the equipment into an outlet on a
circuit different from that to which the receiver is
connected. (4) Consult the dealer or an experienced
radio/TV technician for help.

FCC Radio Frequency Exposure Statement

The device has been evaluated to meet general RF
exposure requirements. The device can be used in
fixed/mobile exposure condition. The min separation
distance is 20cm.

Notice: Shielded cables

All connections to other computing devices must be
made using shielded cables to maintain compliance
with FCC regulations.

The following importer is the responsible party.
Company Name: Fantasia Trading LLC
Address: 5350 Ontario Mills Pkwy, Suite 100, Ontario, CA
91764

Telephone: 1-800-988-7973
5150~5350 MHz can be used indoors only.

Notice (Canada)

IC Statement

This device complies with Industry Canada
licence-exempt RSS standard(s). Operation is subject to
the following two conditions:

- 1) this device may not cause interference, and
- 2) this device must accept any interference, including
interference that may cause undesired operation of the
device.

Le présent appareil est conforme aux CNR d'Industrie
Canada applicables aux appareils radio exempts de
licence. L'exploitation est autorisée aux deux conditions
suivantes:

- 1) l'appareil n' doit pas produire de brouillage, et
- 2) l'utilisateur de l'appareil doit accepter tout brouillage
radioélectrique subi, même si le brouillage est
susceptible d'en compromettre le fonctionnement.

This Class B digital apparatus complies with Canadian
ICES-003.

Cet appareil numérique de la classe B est conforme à la
norme NMB-003 du Canada.

IC RF Statement

When using the product, maintain a distance of 20cm
from the body to ensure compliance with RF exposure
requirements.

Lors de l'utilisation du produit, maintenez une distance

de 20 cm du corps afin de vous conformer aux
exigences en matière d'exposition RF.
5150~5250 MHz can be used indoors only.
5150~5250 MHz peut être utilisé à l'intérieur
uniquement.

Remote Control

1. Overview

2. Prepare the Remote Control

1 Before using for the first time, slide open the battery compartment and install two AAA batteries.

2 To replace the batteries, slide open the battery compartment, insert new batteries (matching the +/- polarity as indicated), and close the battery compartment.

Charge Your Projector

Before using for the first time, fully charge the built-in battery using the provided adapter.

Power On

Press and hold the power button for 3 seconds to power on the projector.

Autofocus and Auto Keystone Correction

- Slightly move the projector to enable autofocus and auto keystone correction
- Press to enable autofocus.

Basic Setup

For first-time use, follow the on-screen instructions to complete the basic setup. Adjust settings in the projector's **Settings** menu if necessary.

Use as a Projector

1. Screen Mirroring

Wirelessly cast movies, games, and music from your phone to Nebula Mars 3 Air.

- Play a video clip on your phone and tap the cast icon on the video screen.
- Select the device **D2325**. The projector will mirror the screen of the connected phone.

Make sure Nebula Mars 3 Air and your phone are connected to the same wireless network.

2. Play from HDMI Playback Devices

Connect to an HDMI playback device such as a TV box, TV stick, DVD player, set-top box (STB), or games console.

3. Play Through External Sound Devices

Connect to external sound output devices including headphones and speakers.

4. Play From a USB Drive

Connect to a USB-A drive to enjoy stored music, video, and pictures.
