eufy WiFi Repeater

WiFi Repeater

Model: T8024
eufy WiFi Repeater

- ① SYNC Button
- ② Speaker
- ③ Status LED
- ④ Reset Hole
- ⑤ Power plug (varies by region)

HOW THE SYSTEM WORKS

Extends Wi-Fi Coverage

The WiFi Repeater extends the coverage area of your Wi-Fi network once it is connected to your home wireless router or HomeBase S380, which helps boost the network for all your eufy video doorbells and cameras.

Works with Video Doorbell

The video doorbell detects motion at your porch and lets you answer the door anytime, anywhere. The WiFi repeater also works as an indoor digital chime, allowing people in the house to hear notifications when someone rings the doorbell.

POWERING ON THE WiFi REPEATER

1. Attach the power connector to the WiFi Repeater.

2. Plug the WiFi Repeater in to a wall outlet at your desired location. The LED indicator turns solid green when the WiFi Repeater is ready for setup.

SETTING UP THE SYSTEM

1. Download and install the eufy app, then sign in or create an account.

2. Follow the in-app instructions to add the video doorbell and the WiFi Repeater.

SAFETY

- The suitable temperature for T8024 and accessories is 0°C to 40°C .
- Unless specifically indicated that it is safe to do so in the user guide or instruction manual, do not use this device in an environment that exceeds the recommended low or high temperature.
- Unless specifically indicated that it is safe to do so in the user guide or instruction manual, avoid exposing your device to direct sunshine or excessively wet environments.
- For pluggable equipment, the socket-outlet shall be easily accessible.

NOTICE

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible or compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in

accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced radio/TV technician for help.

FCC Radio Frequency Exposure Statement

The device has been evaluated to meet general RF exposure requirements. The device can be used in fixed/mobile exposure condition. The min separation distance is 20cm.

The following importer is the responsible party:
Company Name: POWER MOBILE LIFE, LLC
Address: 10800 NE 8TH ST #900, BELLEVUE, WA, 98004, UNITED STATES
Telephone:1-800-988-7973

IC Statement

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

This Class B digital apparatus complies with Canadian ICES-003.

IC RF Statement

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.

Déclaration IC

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil n' doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Déclaration IC RF

Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.
