

Important Safety Instructions

- The recommended temperature range for the T8215 and accessories is -20°C to 50°C (-4°F to 122°F), and the charging temperature is 0°C to 40°C (32°F to 104°F).
- The recommended temperature range for the T8026 and accessories is -20°C to 50°C (-4°F to 122°F).
- Unless specifically indicated that it is safe to do so in the user guide or instruction manual, do not use the devices in an environment that exceeds the recommended low or high temperature.
- Unless specifically indicated that it is safe to do so in the user guide or instruction manual, avoid exposing your devices to direct sunshine or excessively wet environments.
- Do not use the product in any way other than described herein in order to avoid personal injury or property damage.
- Users should comply with the laws and regulations of the corresponding countries and regions where the equipment is located (used), abide by professional ethics, pay attention to safety obligations, and strictly prohibit the use of our products or equipment for any illegal purposes. Our company will not be responsible for any violators' legal liability under any circumstances.
- For pluggable equipment, the socket outlet should be easily accessible.
- Use only the adapters provided by the manufacturer. Using unauthorized adapters may cause danger and violate the Terms of Use and warranty article.

**CAUTION!**

THERE IS A RISK OF EXPLOSION IF AN INCORRECT BATTERY TYPE IS USED.
DISPOSE OF USED BATTERIES ACCORDING TO THEIR INSTRUCTIONS.

Warning

- Replacing a battery with an incorrect type may

- bypass safeguards and create danger;
- Disposal of a battery in a fire or other source of significant heat, or by crushing, or cutting, may result in an explosion as well as leakage of flammable liquids and gases;
- Leaving a battery in an extremely hot environment may result in an explosion as well as leakage of flammable liquids and gases;
- A battery subjected to extremely low air pressure may result in an explosion as well as leakage of flammable liquids and gases.

Notice

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced

radio/TV technician for help.

FCC Radio Frequency Exposure Statement

The device has been evaluated to meet general RF exposure requirements. The device can be used in fixed/mobile exposure conditions. The min separation distance is 20cm.

Notice: Shielded cables

All connections to other computing devices must be made using shielded cables to maintain compliance with FCC regulations.

The following importer is the responsible party:

Company Name: POWER MOBILE LIFE, LLC

Address: 10800 NE 8TH ST #900, BELLEVUE, WA, 98004, UNITED STATES

Telephone: 1-800-988-7973

IC Statement

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

This Class B digital apparatus complies with Canadian ICES-003.

IC RF Statement

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.

EU Declaration of Conformity

 This product complies with the radio interference requirements of the European Community.

Hereby, Anker Innovations Limited declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. For the declaration of conformity, visit the website: <https://support.eufy.com/s/article/Recommend?type=Download&secondType=doc>.

Hereby, Anker Innovations Limited declares that this

device is in compliance with The Product Security and Telecommunications Infrastructure (Security Requirements for Relevant Connectable Products) Regulations 2023. For the Statement of Compliance, visit the website <https://www.eufy.com/uk/psti-related>.

RF exposure information
The Maximum Permissible Exposure (MPE) level has been calculated based on a distance of d=20 cm between the device and the human body. To maintain compliance with RF exposure requirements, use products that maintain a 20cm distance between the device and human body.

Frequency bands and power are as below:

Function	Bands	Operation Frequency	Max. Power
Wi-Fi for T8215	2.4 GHz	2412 - 2472MHz	XXX dBm
Wi-Fi for T8026	2.4 GHz	2412 - 2472MHz	XXX dBm

The following importer is the responsible party (contact for EU matters only):
Anker Innovations Deutschland GmbH | Prinzenallee 15, 40549 Düsseldorf, Germany

 This product is designed and manufactured with high quality materials and components, which can be recycled and reused.

 This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.
