BLACK & WHITE

WIRELESS SPORTS EARBUDS

- Micro-USB Charge Port
- LED Indicator
- Volume Up / Next Track
- Play / Pause
- Answer / End Call
- Power On / Bluetooth Connect
- Volume Down / Previous Track
- Microphone (on reverse side)

1. To turn on, press and hold the  button on the remote of the wireless sports earbuds for 3 seconds or until the LED indicator blinks **blue** and **red**.
2. Earbuds will automatically try to connect through Bluetooth® while blinking **blue** and **red**. Open your device's Bluetooth® settings and connect to the wireless device **HOTTIPS**.
3. Once on and connected, press the  button to Play or Pause music. If you receive a call, the  button will answer the call and press the  button again to end the call. Double click the  button to call the last person in your history.
4. To turn volume up listening to music or a phone call, press and hold the  button until it reaches the volume of your choice. Turn volume down using the same method with the  button. Please read about volume safety in the **Safety Instructions** below.
5. To skip to the next song, click the  button and click the  button for a previous song.
6. To turn off, press and hold the  button for 5 seconds or until LED indicator turns off.

1. Connect the included Micro-USB connector to the charge port on the side of the remote. Once connected, the **red LED** will turn on to indicate the battery is charging.
2. When the battery is fully charged, the **red LED** will turn **blue** and the Micro-USB connector can be unplugged from remote charge port.
3. Indicator will slowly flash a **blue LED** intermittently while on and with a sufficiently charged battery. Indicator will turn to a **red LED** when battery is low.

Attention:

1. Read through this manual closely to ensure your safety before and while using wireless sport earbuds.
2. Do not listen to at loud volumes for extended periods of time. If you can't hear others speak, you are at risk of permanently damaging your hearing.
3. Attempts to repair or dismantle earbuds/remote may place user at serious risk and voids warranty.
4. Do not use any dilutents or volatile liquid to clean earbuds or remote.
5. Do not use earbuds while driving or while you are in a hazardous location.

Bluetooth V5.4 Technology

Wireless Range: Up to 33 ft.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.
