

AIR CONDUCTING HEADPHONES

USER GUIDE

INTRODUCTION

Experience superior sound quality with our open-ear headphones. This Bluetooth® enabled headset allows users to enjoy their preferred music, audiobooks, and calls while remaining aware of their surroundings. Featuring an 8-hour battery life and a lightweight build, our water-resistant headphones are essential for daily activities like commuting, studying, and workouts.

FEATURES

- Lightweight Design
- Open-Ear Awareness
- Bluetooth/Micro SD Card Compatibility
- Up to 8 Hours of Battery Life

WHAT'S INCLUDED

- SoundPlay® Air Conducting Headphones
- USB-C Charging Cable
- User Guide

PRODUCT DIAGRAM

CHARGING THE HEADPHONES

- Plug one end of the included charging cable into the USB-C port on the headphones, and the other end into a USB power source.
- It takes up to 2 hours to charge the headphones fully from a depleted battery level.
- While the product is charging, a red light indicator will turn on. The red light will turn blue once fully charged. The red light will flash when the battery is low.

PAIRING THE HEADPHONES

- Press and hold the + Button to turn the headphones ON.
- Activate your mobile device's Bluetooth® function, search and select "SoundPlay Air" from your device's Bluetooth list, and follow the prompts to complete the pairing process.
- A prompt will alert you that your devices have been paired successfully.

USING THE HEADPHONES

Follow the instructions below to operate your air-conducting headphones:

1. Power ON: Press and hold the "+" button for 1.5 seconds.
2. Power OFF: Press and hold the "+" button for 3 seconds.
3. Increase Volume: Press the "+" button.
4. Decrease Volume: Press the "-" button.
5. Previous Track: Press and hold the "-" button.
6. Next Track: Press and hold the "+" button.
7. Play/Pause: Press the "+" button twice.
8. Answer/End a Phone Call: Press the "+" button.
9. Reject an Incoming Call: Press and hold the "+" button for 2 seconds.
10. Voice Assistant: Press the "+" button three times.
11. Switch Micro SD/BT Modes: Press the "-" button twice.

SAFETY INSTRUCTIONS

Before using this unit, please read the following safety precautions carefully, and keep this user guide for future reference.

- Carefully inspect this unit for damage before every use. If this unit is malfunctioning, damaged, or defective in any way, discontinue use immediately. Do not attempt to repair it yourself. Take it to a qualified electrician instead.
- Do not dispose of this product along with household waste. It must be disposed of safely at a hazardous waste collection site, recycling facility, or at an electronic retailer that recycles. Refer to your local and state laws for disposal procedures.
- Do not apply excessive force to the controls or place heavy objects on the unit.
- Keep this unit out of the reach of children under 7 years old. This unit is not a toy.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF WARNING STATEMENT

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
