USER GUIDE

BC

INTRODUCTION

Listen to music without interruptions with your new SoundPlay ANC Wireless Headphones. With up to 15 hours of playback time, these over-ear headphones let you enjoy your favorite tracks all day long. Featuring active noise cancelling (ANC) technology, these Bluetooth-compatible headphones reduce background noise and ambient sounds to allow for a more immersive audio experience. Lightweight and designed for all-day wear, the SoundPlay ANC Wireless Headphones are the perfect everyday audio companions.

FEATURES

- Built-in active noise cancelling technology.
- Multifunctional and easy-to-use on-unit controls.
- Comfortable and lightweight design for all-day wear.
- Two ways to listen: via Bluetooth and AUX.

INCLUDED IN THE PACKAGE

- 2x SoundPlay ANC Wireless Headphones
- USB-C Charging Cable
- 3.5mm AUX Cable
- User Guide

USING THE HEADPHONES Via Bluetooth Connection - Press and hold the Power Button for 2-3 seconds, until the LED indicator light starts flashing red and blue and you hear a "Power ON" voice prompt. The headphones will automatically enter pairing mode. - Enable your device's Bluetooth function from its Settings menu. Search and select "SoundPlay Maxx" from the Bluetooth devices list to pair the headphones to your device. Once paired, you will hear "Connected." - Your headphones are now ready to use! NOTE: Your headphones can only be connected to one Bluetooth device at a time. To connect your headphones to another Bluetooth device, you must first disconnect them from the current device. Via the AUX Cable Plug one end of the included 3.5mm AUX cable into your headphones' AUX port, and the other end into your device. You will be able to control the volume and select music from your device.	HEADPHONE CONTROLS Power ON/OFF: Press and hold  for 2 seconds Play/Pause: Press  to play, and again to pause Answer/End Call: Press  during an incoming call or during a call Reject Call: Press and hold  during an incoming call Voice Assistant: Press  twice to activate the voice assistant Game Mode: Press  three times to enter or exit game mode Volume Up: Press  Volume Down: Press  Next Track: Press and hold  Previous Track: Press and hold  Active Noise Cancelling (ANC) Modes: Press  to switch to Translucent Mode Press  twice to switch to Noise Reduction Mode Press  three times to turn off the ANC mode CHARGING THE HEADPHONES - To charge your headphones, insert one end of the included USB-C cable into the USB charging port, and the other end into a USB power source. - The LED indicator light will glow red while the headphones are charging, and turn off once they are fully charged. NOTE: It is recommended that you charge your headphones at least once every six months, to avoid completely discharging the battery. These headphones have an internal rechargeable battery, which must be fully charged prior to use.	SPECIFICATIONS <table> <tr> <td>INPUT</td><td>5V/1A</td></tr> <tr> <td>BATTERY CAPACITY</td><td>300mAh</td></tr> <tr> <td>CHARGING TIME</td><td>2.5 hours</td></tr> <tr> <td>USAGE TIME</td><td>Up to 15 hours</td></tr> </table> IMPORTANT SAFEGUARDS - Do not use the headphones if the inability to hear surrounding sounds may present a danger to yourself or others. This includes, but is not limited to: while riding a bicycle, walking in or near traffic, or working on a construction site or railroad. - Do not listen to music at a high volume for long periods of time. - Do not use this unit for anything other than its intended use. - Keep the headphones away from heat sources, direct sunlight, humidity, water, or any other liquid. - Do not operate the unit if it is wet to prevent electric shocks, injuries to yourself, and/or damage to the unit. - Do not use the headphones if they appear to be damaged in any way. - Repairs to electrical equipment should only be performed by a qualified electrician. Improper repairs may place the user at serious risk. - Keep this unit out of the reach of children. This unit is not a toy. FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
