

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Product Introduction

Wireless charger **X5** is an intelligent simple design product, compatible with all Qi-enabled cell phones and devices. You don't need any cords to plug in and out any more. Just placing your device in the center of **X5**, you are free to enjoy your wireless and limitless charging experience now!

Built-in 2 Coils

Power Input

Anti-slippery Rubber band

LED indicator area

Product Introduction

Just placing your device in the center of **X5**, you are free to enjoy your wireless and limitless charging experience now!

Built-in 2 Coils

Power Input

Anti-slippery Rubber band

LED indicator area

Use Instruction

1. Please use good brand 5V,2A adapter or QC2.0/QC3.0 fast charging adapter(9V,1.67A).
2. Connecting power with USB port, the indicator will lights up for 3 seconds when power is on.

The diagram shows a top-down view of the device, which is a square with rounded corners. On the left side, there is a vertical rectangular port. A label 'charging line (Micro USB)' with a line pointing to the port is located to the right of the device. Below the port, a label 'LED indicator will be on for 3s' with a line pointing to a small circle at the bottom of the port is located.

- ## Use Instruction
1. Please use good brand 5V,2A adapter or QC2.0/QC3.0 fast charging adapter(9V,1.67A).
 2. Connecting power with USB port, the indicator will lights up for 3 seconds when power is on.
-
- The diagram shows a rectangular device with a Micro USB port on the right side. A charging cable is connected to the port. A label 'charging line (Micro USB)' points to the cable. On the left side of the device, there is a small circular LED indicator. A label 'LED indicator will be on for 3s' points to this indicator.

3. ① Locate your phone on charging pad and make sure it at sweet spot for effective charging.
- 
- LED indicator will be on for 16s
- ② When the phone is charged successfully, the LED indicator will lights up for 16 seconds then off to keep the whole charging process sleep-friendly.

Output Power	Adapter Type	Compatible Device
5W How can work with 5W wireless charging power?	Using SV.2/A adapter	It is compatible with Any Qi-enabled devices like iPhone 8/ iPhone 8 plus/ iPhone X/ XS/ XS Max/ XS, Samsung Galaxy S10/ S10+ / S10e/ S9/ S9+ / Note 9/ Note 8/ S8/ S8 plus / S7/ S7 edge/ S6 edge/ S6 edge plus/ S6/ Note 5 and so on.
7.5W How can work with 7.5W wireless charging power?	Using QC2.0/QC3.0 fast charging adapter(w/1.6A) Such as: ① Samsung fast charging adapter(w/1.6A) ② Anker QC2.0/3.0 fast charging adapter	It is only compatible with iPhone 8/ iPhone 8 plus/ iPhone X/ XS/ XS Max/ XR and so on.
10W How can work with 10W wireless charging power? (Max output reaches 10W fast wireless charging standard)?	Using QC2.0/QC3.0 fast charging adapter(w/1.6A) Such as: ① Samsung fast charging adapter(w/1.6A) ② Anker QC2.0/3.0 fast charging adapter	It is only compatible with Samsung Galaxy S10/ S10+ / S10e/ S9/ S9+ / Note 9/ Note 8/ S8/ S8 plus/ S7/ S7 edge/ S6 edge plus/ Note 5 so far.

Product Specification

Model: **X5**
Size: 83.5*94.5*110.3mm
Input: 5W $\approx$ 2A, 9V $\approx$ 1.67A
Output: 5W/7.5W/10W
Charging Distance: 4mm-6mm
Coils: 2 coils

Declaration for EU
Frequency Range: 109.78-175.48KHz
Max RF power: 7.91dBμA at 10m distance

Package Contents

Wireless Charging Stand
x1

Charging cable
x1

Instruction book
x1

Attention

1. Keep the charger away from water and other liquid.
2. Please make sure the power is cut off before cleaning the charger
3. Use the charger between 0-40°C
