SETUP DIAGRAM

The diagram illustrates the setup for the Holier device. A monitor is connected to a router via a cable. The router is labeled "Router" and has a wireless signal icon. The Holier device is connected to the router via a cable. The Holier device is labeled "Holier" and has a camera lens icon.

REMOTE CONTROL

Do more on your TV with your voice

Search for shows, get recommendations, even control your TV – faster – with your voice. Ask Google for a little help on your big screen.

Search for shows, get recommendations, even control your TV – faster – with your voice. Ask Google for a little help on your big screen.

The image shows a dark grey Haier remote control. At the top, there are buttons for power (a circle with a dot), back (three horizontal lines), and a menu/launcher button (a square with four smaller squares). Below these is a row of three buttons: a square with a grid of dots, a Google Assistant button (a colorful circle with a white 'G'), and a star button. In the center is a large white circular touchpad. Below the touchpad are four buttons: left arrow, home (a house icon), right arrow, and a square button. Further down are two vertical buttons with '+' and '-' symbols, a small circular button with a speech bubble icon, and two more vertical buttons with up and down arrow symbols. At the bottom, there are four rectangular buttons with rounded corners, each featuring a logo: YouTube (red play button), Netflix (red 'NETFLIX' text), Prime Video (white 'prime video' text on a black background), and Disney+ (blue 'Disney+' text). The Haier logo is printed in white at the very bottom of the remote.

Long press Back+Home button at the same time, until the red light flashes quickly, then release, that means RCU enter the pairing mode. Waiting for few seconds and stop pressing any buttons, until it pop up the message of pairing successfully.

Setup

Complete the on-screen setup

Follow the on-screen instructions using your remote to navigate through the setup process.

The screenshot shows the 'Welcome' screen of a Roku TV. The word 'Welcome' is displayed in white text on the left side of a dark background. On the right side, there is a vertical list of options: 'English (United States)' (highlighted with a blue background), 'All Regions', 'Balkans/Middle East', 'Canada', 'Catalan', 'Chinese', and 'Danish'.

Follow the on-screen instructions using your remote to navigate through the setup process.

Android TV™

Android TV makes it easier to get more from your TV. Choose from 400,000+ movies and shows from across streaming services. Ask Google to control your TV, get recommendations of what to watch, dim the lights, and more with your voice. Cast photos, videos, and music from smart devices to your TV with Chromecast built-in™.

The screenshot displays the Android TV home screen with a dark purple background. At the top, a search bar with a Google Assistant icon and the text "Search movies, TV, and more" is visible, along with a clock showing 12:45. Below the search bar is a row of app icons: Google Assistant, YouTube, Amazon Prime Video, Netflix, Hulu, HBO Max, and the Home screen icon. The main content area features a grid of movie and TV show posters, including "EMMA.", "1917", "Masters of Sex", "The Butterfly", "JACK RYAN", "Boys", "The Mindy Project", and "HANNA". Each poster includes the title, a brief description, and a "Watch Now" button.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement
To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 20cm from your body.
