

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a piece of electronic equipment, likely a spectrum analyzer or a power supply, sits on a wooden desk. A power cord connects it to a power strip on the wall. To the right of the desk is a large, light-colored wooden table. A desk lamp is positioned on the table. The background is a plain wall.
Radiation Emission View (Below 30MHz)	 A photograph showing a radiation emission test setup. The room is lined with white, square-shaped electromagnetic shielding tiles. In the center, a piece of electronic equipment is placed on a wooden table. A metal frame stands in front of the table. The floor is dark and reflective. A yellow and black striped caution tape is visible on the floor.
