

<div>Getting started with your device</div> <div>Where to put your device</div> <div>Your device should be placed on the floor in the same room as the devices it is paired with.</div> <div>Important Product Information</div> <div>Safety Information</div> <div><div></div><div>FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE, ELECTRIC SHOCK, OR OTHER INJURY OR DAMAGE.</div></div> <div><div>Your device should be located and positioned in a way that provides proper ventilation. For example, do not cover the apparatus with items such as newspapers, tablecloths, or curtains and do not use this equipment on soft support such as bedding, blankets, etc.</div><div>The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus.</div></div> <div>Caution</div> <div><div></div><div>To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. If your device gets wet, information for care instructions can be found in the App in Help & Feedback > Legal & Compliance.</div></div>	<div>Protect your device and its power cord from damage. Discontinue use immediately if the device or power cord is damaged.</div> <div>Your device is capable of playing at high volume levels, which could damage the hearing of the user. To prevent possible hearing damage, avoid listening at high volume levels for long periods.</div> <div>Your device does not have an on/off button. If you wish to stop power from flowing into your device, unplug the power cord.</div> <div>Do not expose your device to extreme heat or cold. Use your device in a location where temperatures remain within its operating temperature range set forth in this guide.</div> <div>For additional safety, compliance, recycling and other important information regarding your device can be found in the App in Help & Feedback > Legal & Compliance.</div> <div>Product Specifications</div> <div>Model Number: P5B83L</div> <div>Electrical Rating:</div> <div>Input: 100-240 V ~, 150W, 50-60Hz</div> <div>Output: 100W</div> <div>Temperature Rating: 0-35°C</div>	<div>FCC Compliance Statement</div> <div>The Device and its related accessories like the remote and the adapter (the "Products") comply with part 15 of the FCC Rules. Operation of each Product is subject to the following two conditions: (1) this Product may not cause harmful interference and (2) this Product must accept any interference received, including interference that may cause undesired operation.</div> <div>Note: This Product has been tested and found to comply with the limits for a Class B digital device or external switching power supply, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. The equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and, the user is encouraged to try to correct the interference by one or more of the following measures:</div> <div>-Reorient or relocate the receiving antenna.</div> <div>-Increase the separation between the equipment and receiver.</div> <div>-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</div> <div>-Consult the dealer or an experienced radio/TV technician for help.</div> <div>Changes or modifications to a Product by the user that are not expressly approved by the party responsible for compliance could make the Product no longer comply with the FCC Rules.</div>	<div>Information Regarding Exposure to Radio Frequency Energy</div> <div>The output power of the radio technology used in the device is below the radio frequency exposure limits set by the FCC. This device should be installed and operated with a minimum distance of 20 cm between the radiator and your body.</div> <div>The Device meets the FCC Radio Frequency Emission Guidelines and are certified with the FCC. Information on these Products is on file with the FCC and can be found by inputting such Product's FCC ID (which can be found on the bottom of the Device into the FCC ID Search form available at transition.fcc.gov/oet/ea/fccid. after searching on the FCC ID for your device which can be found on the back cover. It is advised to use the wireless equipment in such a manner that the potential for human contact during normal operation is minimized.</div>
