

Date: 24 September 2018

Federal Communications Commission
Authorization and Evaluation Division

Subject: Confidentiality Request regarding application for certification FCC ID: 2AP7Q-A84100090

Pursuant to sections 0.457 and 0.459 of the Commission's Rules, we hereby request confidential treatment of information accompanying this application as outlined below:

Exhibit Type

Block Diagram
Schematics
Operation Description
PCB Layout
Bill of Materials (Parts List)

The above material contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors.

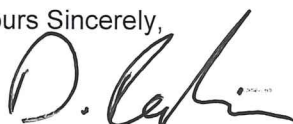

The applicant understands that pursuant to Section 0.457 of the Rules, disclosure of this application and all accompanying documentation will not be made before the date of the Grant for this application. Pursuant to DA04-1705 June 15, 2004 of the Commission's public notice, we also require temporary confidential treatment of information accompanying this application as outlined below:

Exhibit Type

Internal Photos
User Manual

Temporary confidentiality from public disclosure is important for Thermo Fisher Scientific from a commercial prospective. It enables the company to complete its development and regulatory efforts prior to introducing the product to the marketplace. Releasing information on the product via the FCC website prior to formal market introduction can be confusing to our customers and places the company at a competitive disadvantage.

Yours Sincerely,

Daniel Robinson
Principal Electronics Engineer
