View 1****Solder
Board-Component View
1**

<div>Solder Board-Component View 2</div>	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The component is irregularly shaped with several circular holes and solder points. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters, with the component spanning approximately 100 mm in length and 50 mm in width.
<div>Solder Board-Component View 3</div>	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 3'. The component is smaller and more rectangular than the one in View 2, with a few circular holes and solder points. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters, with the component spanning approximately 50 mm in length and 20 mm in width. Chinese text labels are visible on the component: '20211218-V2.0', '接主杆板', '接主板', and '接受杆板'.

<div>Solder Board-Component View 4</div>	 A photograph showing a small, irregularly shaped green component with two circular solder points. The component is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 0 to 100 mm. The component is located between the 10 mm and 20 mm marks.
<div>Solder Board-Component View 5</div>	 A photograph showing a rectangular silver component with two red wires attached. The component is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 0 to 100 mm. The component is located between the 10 mm and 20 mm marks. The component has text printed on it: "-3VZ 603030" and "+3.7V 500mAh 1.85Wh".
