

80x80mm

Thank you for using smart camera

Basic Parameters
Model: SC-001
Power: 2.0W/2.0V
Energy Consumption: 0.1W/0.1V
Working Temperature: -10°C to 50°C
Working Humidity: 10% to 90%
Working Voltage: 5V/1A
Working Current: 0.1A
Working Power: 0.5W
Working Frequency: 50Hz
Working Voltage: 5V/1A
Working Current: 0.1A
Working Power: 0.5W
Working Frequency: 50Hz

Install App
Download the Smart Life app from the Google Play Store or the Apple App Store. Scan the QR code with the app to install the app.

Add The Device Scan QR code mode
• Scan the QR code with the Smart Life app to add the device.
• The app will show the device name and the device type.
• The app will show the device name and the device type.

Share over the app
• The app will show the device name and the device type.
• The app will show the device name and the device type.

• The app will show the device name and the device type.
• The app will show the device name and the device type.

• The app will show the device name and the device type.
• The app will show the device name and the device type.

Add Device Scan QR code mode
• The app will show the device name and the device type.
• The app will show the device name and the device type.

• The app will show the device name and the device type.
• The app will show the device name and the device type.

Share over the app
• The app will show the device name and the device type.
