RE: Confidentiality request letter for TrueView Model R40 Radar.
FCC ID: 2APIM-FTR04V001

Pursuant to 47 CFR Chapter I Subchapter A Parts 0.457(d) and 0.459 of the Commission's Rules, Fortem Technologies, Inc. hereby requests long-term/permanent confidential treatment of information accompanying this FCC application as outlined below:

Documents requested for long-term confidentiality:

- Block Diagrams
- Schematics
- Parts List
- Theory of Operation
- User Manual*
- Internal Photos*

*The nature and use of the R40 Radar is intended for multiple types of use including commercial, industrial, and aeronautical safety and security, as well as for national defense of the United States and her allies. The exposure of the user manual and internal photos of this radar can divulge information that could give proprietary information to competitors as well as jeopardize national defense.

- User Manual: Contains sensitive information about the operation of this radar which could be used to help defeat its operation. This user manual is normally not available to the public but is only made available to vetted customers after signing a Non-Disclosure Agreement (NDA). A copy of this NDA will be included in the application.

- Internal Photos: Contains photos of the internal components of the radar, including sensitive photos of the PCBs, critical components, and design. Photos of the internal components of this radar are never sent to customers. The radar is normally installed in a location that is difficult to get to (i.e. on a tower, in a fenced-in or restricted area, guarded by personnel, etc.), such that only authorized personnel can operate it, and this is usually in a remote fashion. The radar is normally not intended to be opened out in the field for maintenance. The radar is usually sent back to the factory for any maintenance requiring opening it up.

Fortem Technologies, Inc. also hereby requests short-term confidential treatment of the documents accompanying this application as outlined below for a period of 180 days from the date of the grant:

Documents request for short-term confidentiality:

- External Photos
- Test Set-up Photographs

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these matters might be harmful to the Applicant and provide unjustified benefits to its competitors.
The Applicant understands that pursuant to Rule 0.457(d)(1)(ii), disclosure of this Application and all accompanying materials will not be made before the date of the Grant for this Application.

*Please refer to KDB 726920 D01 Confidentiality Request Procedures v01r02, for further information regarding the permanent confidentiality of internal photos and user manual exhibits.

Please contact me if you have any questions.
Best regards,

Jeffery L Davis
