RE: Confidentiality request letter for FCC ID: 2APIM-FTR30V002

The nature and use of the EUT radar is intended for multiple type uses including commercial, industrial safety, security, and defense. Defense applications includes for United States national defense as well as to countries that are friendly to the United States. With this, and pursuant to CFR 47 Sections 0.457(a), 0.457(d)(1)(ii) and 0.459, Fortem Technologies, Inc. requests permanent confidential treatment of information accompanying this application as outlined below:

- Schematics
- Parts Lists
- Block Diagrams
- Theory of Operation

It is also requested that the following documents receive permanent confidential treatment of information:

- Internal Photos: These contain photos of the internal components of the radar, including sensitive views of the PCBs, critical components, and design.
- User Manual: Contains sensitive information about the operation of the EUT, which could be used to help defeat its operation. This user manual is not normally available to the general public, but is only made available to perspective customers after signing an NDA.

The documents below are also requested to have short-term confidential treatment of information, for a period of 180 days.

- External photos
- Test Setup photos

Please contact me if you have any questions.

Best regards,

A handwritten signature in black ink, appearing to read "Jeffery L. Davis", with a stylized flourish at the end.
