

MeiG Smart Technology Co., Ltd

Date: March 9, 2026

To: Federal Communications Commission,

Authorization & Evaluation Division,

7435 Oakland Mills Road,

Columbia, MD 21046

To whom it may concern:

We, MeiG Smart Technology Co., Ltd, attest that this device under FCC ID: 2APJ4-SNM980 complies with device protocol requirements and operational restrictions: for (all that apply indoor client 6xD).

1. Statement that the device will only associate and connect with a low-power indoor accesspoint or subordinate device and never directly connect to other client devices.
2. Statement that this device will always initiate transmission under the control of a low-power indoor AP or subordinate except for brief transmissions before joining a network. These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.
3. Statement that transmissions will be lower or equal to the power advertised by the indoor low-power access point or subordinate and never above the maximum output power allowed by the FCC grant for equipment class 6XD.

Sincerely,

Xin Wei Lou
