

PRODUCT EQUALITY DECLARATION

Product Equality
December 19, 2025

We, as a manufacturer, hereby declare that our product has variant model names as listed below. Each model has a different configuration and entire test was performed with basic model. There is no technical difference among the listed models that have different configurations.

A. Modular Information

Basic Model	LK-EXPL(r)	FCC ID : 2APJH-LKEXPLR
Variant Model	LK-EXPL(r)60	
	LK-EXPL(r)125	
	LK-EXPL(r)250	

B. Difference between Basic and Variants

Difference	The LK-EXPL(r) models are built on the same PCB and differ only in capacity.
------------	--

Basic Model	LK-EXPL(r)	500ml
Variant Model	LK-EXPL(r)60	60ml
Variant Model	LK-EXPL(r)125	125ml
Variant Model	LK-EXPL(r)250	250ml

C. Test Reports

Following test reports are referenced.

Mode	FCC ID : 2APJH-LKEXPLR	Test Report Reference	Date
BLE		F690501-RF-RTL006556	05 December 2025

D. Conclusion

Based on the analysis and additional test, it has been proven that the variant model does not affects radiated spurious emission or other requirements. We hereby request the variant authorization application with referencing original test reports.

Sincerely Yours

Young-min Kim
