

A black, curved electronic device, possibly a car stereo or a small display unit, is shown against a light-colored background. The device has a rectangular label with white text. Above the label, there are two screws. Red dimension lines indicate the width and height of the label. The width is marked as 23MM and the height as 15MM. The text on the label includes a brand name, a model number, and regulatory IDs.

23MM
