

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by

- turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.

* RF warning for Portable device:
The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.

Music Moon Light
(OL120-LY OL150-LY OL180-LY)
User's Guide

1. Function introduction

Wireless Bluetooth 4.2 technology, support for Android and Apple systems. Stylish LED lights. A variety of light conversion so that you have a colorful life.

2. Switch and interface diagram

- 2、 When used for the first time recommended charging 2-3 hours.
- 3、 When charging, turn off the system, light and Bluetooth music.
- 4、 Low battery speaker will be issued "beep, beep" beep.

5. Product parameters

Product Name: Music Moon Light	Frequency response:100HZ--20KZH
Material: PVC+ABS	SIGNAL-NOISE RATIO:≥90DB
Light source: LED	Battery capacity: 1200mAH
Size:150mm	Charging time: 2.5--4 hour
Input voltage: DC 5V--2A	Accessories: Wood bracket + DC35 charging cable + manual
Working current: <300mA	
Light power:0.8W	
Light usage time: 8--30 hour	Bluetooth usage time:4--8 hour
