

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The board is populated with various electronic components, including a USB connector, a 330 ohm resistor, a 0.01uF capacitor, and a 100 ohm resistor. A white label with a QR code and the text 'CE RoHS' is visible. The board is placed on a blue background with a black ruler for scale.
Solder Board-Component View 2	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the underside of the board, which is populated with various electronic components, including a USB connector, a 330 ohm resistor, a 0.01uF capacitor, and a 100 ohm resistor. A white label with a QR code and the text 'CE RoHS' is visible. The board is placed on a blue background with a black ruler for scale.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, labeled '3', showing various electronic components including a microcontroller, capacitors, and a USB connector. The component is placed on a blue textured surface next to a black ruler with white markings for scale.
Solder Board-Component View 4	 A photograph of a circular printed circuit board (PCB) component, labeled '4', featuring a central square cutout and numerous small surface-mounted components. The component is placed on a blue textured surface next to a black ruler with white markings for scale.

Solder Board-Component View 5	 A photograph showing a circular silver-colored metal component with a square hole in the center. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Antenna View	WIFI Antenna  A photograph of a green printed circuit board (PCB) with various electronic components. A red box highlights a component labeled "WIFI Antenna". A red line points from the label to the component. The component is a small, rectangular, blue and silver module. Below it is a larger, rectangular, silver module labeled "WBR1". The PCB also features a USB connector on the right side and various other electronic components like capacitors and resistors.
