TROUBLESHOOTING

Failure phenomenon	Possible reasons	Solution
Unable to search Bluetooth	The battery is not powered off	Charge the audio
Unable to pair Bluetooth	The audio has been paired with another device and has not entered pairing mode	Turn off other paired devices Search again and pair

TECHNICAL SPECIFICATIONS

Product Model	BTS10
Bluetooth Name	BTS10
Bluetooth receiving distance	Straight line obstacle free 10m
Speaker Power	5W
Battery capacity	200mAh
Charging Interface	TYPE-C Interface
Charging duration	2H
Working hours	Normal playback time 3 ~ 4 H (Note: The time will vary depending on the type of music played and the actual situation)

MADE IN CHINA

FCC STATEMENT:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1)This device may not cause harmful interference, and
(2)This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules,These limits are designed to provide reasonable protection against harmful interference in a residential installation.This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected,
Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
