Time Schedule

Create Scene

Adjustable Brightness

16 Millions Colors

Specification

Model: LB2-B

Rated power: 3W Max.

Input: 5V $\pm$ 1A (or ALKALINE AAA $\times$ 4pcs)

Color temperature: 2700K

LED color: RGB+W

Warnings and Precautions Important!

Protect the product from extreme temperatures, direct sunlight, strong jolts, high humidity, moisture, flammable gases, vapors and solvents.

Do not disassemble, modify, or repair your device, and ask help from the authorized professionals for device malfunction.

Do not use the device when it is no longer working properly or visibly damaged.

Never use aggressive detergents such as rubbing alcohol or other chemical solutions as these could damage the casing or even impair the functioning of the product.

For safety's sake, do not modify the product without authorization.

Note: The image shown in the manual is indicative only. If there is inconsistent between the image and the actual product, the actual product shall govern.

CAUTION

Not for use in totally enclosed or recessed luminaires.

Electric shock risk-only for dry locations. Do not use it with standard dimmers, see instructions.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Warning Statements:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body.
