

Set up your Wireless Charger

Important: Make sure you have the power adapter while using your Wireless Charger.

To charge your phone, center your phone on your Wireless Charger with your phone screen facing outward.

1. On the cable side of your Wireless Charger, plug one end of the cable into the USB-C port.
2. Plug the other end of the cable into the power adapter.
3. Plug the power adapter into the wall.

To learn how to charge safely, read the safety manual for your Wireless Charger.

Regulatory Information

Regulatory information, certification, and compliance marks specific to the device can be found on the device. Additional regulatory and environmental information can be found at g.co/pixel/reg.

EMC COMPLIANCE STATEMENT

Important: This device has demonstrated Electromagnetic Compatibility (EMC) compliance under conditions that included the use of compliant peripheral devices. It is important that you use compliant peripheral devices to reduce the possibility of causing interference to radios, televisions and other electronic devices.

Regulatory Information: United States

FCC REGULATORY COMPLIANCE

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by Google could void your authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following 2 conditions:

1. These devices may not cause harmful interference.
2. These devices must accept any interference received, including interference that may cause undesired operation.
