SPECIFICATION

Product Name: Eye Massager

Model: R-G001

Input: 5V  1A

Rated Power: 5W

Default Auto-off Timer: 10 minutes

Battery Capacity: 1050mAh

Product Weight: 0.5lb

Product Size: L7.7×W3×H3.2(inch)

WHAT'S INCLUDED

1 x RENPHO Eye Massager

1 x USB Cable

1 x User Manual

USING THE PRODUCT

Charging

1. Use the 5V charger (not included) to charge your eye massager.
2. Insert USB cable into the socket of the mobile charger.
3. Softly insert the USB plug into the socket of the device, making sure the USB cable is inserted in the right direction.
4. While charging, the LED indicator will flash red. When done

charging, the LED indicator will be purple.

5. The charge duration will be about 2.5 hours. Disconnect the power adapter after charging is complete. Once fully charged, the massager can be used in 10-minute intervals up to 8 times.

※ The massager and the adapter may become warm during normal charging process.

※ Use time may differ depending on the operation mode.

※ The device will not work while charging.

Wear this device

1. Loosen the adjustable headband.

2. Place the device around your head and tighten the headband to the appropriate fit.

※ Be careful to ensure the device is not too tight around your head.

※ Please make sure that you have removed your contact lenses, glasses, false eyelashes, etc. before using this device.

※ Do not operate the device with wet hands.

Bluetooth Connection

1. Turn on the device by long press the Power Button.
2. Enable your mobile phone Bluetooth setting and search for "R-G001", an audio voice will confirm when the device is connected to Bluetooth.
3. After successfully pairing your device, music can be pushed to the device for playing while massaging.

Indicator Introduction

Status	Indicator Display
Normal Operation	Solid Purple
Low Battery	Flashing Red
Charging	Flashing Red
Fully Charged	Solid Purple
Over-voltage Charging (over 5V)	No light

Operation

1. Long press the Power Button to turn on the device. The massage will begin after the voice prompt is heard.
2. Short press the Power Button to switch between modes. An audio voice will confirm mode change and an LED light will display the current mode.

Mode 1: Tension Relief Mode

Mode 2: Retinal Protection Mode

Mode 3: Youthful Radiance Mode

Mode 4: Regeneration Mode

Mode 5: Rhythmic Mode (Vibration sync to the music beat)

Low massage intensity	1. Battery level is low 2. The headband is too loose	1. Charge the device 2. Wear it tighter
Device turns off automatically	1. Battery is Low 2. 10 Minutes Automatic Shut-off	1. Charge the device 2. Turn on the massager again
The product can't be charged	1. The charge's voltage is too high 2. Adapter is broken	1. Use 5V 1A/2A charger to charge 2. Change another adapter
If you encounter other problems, turn off the device and contact us at support@renpho.com		

CLEANING AND MAINTENANCE

1. Please turn off the power when cleaning, do not use corrosive detergents such as benzene or diluents to clean the product.
2. Do not expose the device to excessive sun or hot temperature. When the device has not been used for over 3 months,

recharge it before use.

3. Do not place it next to a wall or on the ground or rooftop.
4. Keep the device dry, clean, and away from rats.
5. Do not place anything heavy on it. Always bring your product to a qualified professional for any service or repair.
6. Do not disassemble the product yourself.
7. Do not disregard the device with normal household waste at the end of its life; instead, follow local environmental regulations and guidance for disposal.

WARRANTY (1-YEAR PERIOD)

The manufacturer's warranty is void under the following circumstances but not limited to:

- Improper or inadequate maintenance or modification.
- Accident, misuse, abuse, contamination, or other external causes.
- The use of unspecified adapter and accessories.
- Loss or damage in transit.
- Damages that occurs as a result of one's failure to follow the instructions.
- This warranty does not apply to expendable or consumable parts and does not extend to any product from which the serial number has been removed.

FCC Regulatory Compliance

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Compliance

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

ISED Regulatory compliance

This device contains licence-exempt transmitters that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).

Operation is subject to the following two conditions:

- (1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé.
