声明信 / Declaration Letter

主题：关于左右耳机共用同一认证 ID 的说明

Subject: Statement on Sharing the Same Certification ID for Left and Right Earbuds

致相关审核/认证机构：

To the relevant review/certification authority:

本公司就左右耳两部分耳机共用同一 ID 一事，特此声明如下：

The company hereby declares the following regarding the left and right earbuds sharing the same ID:

本产品左右耳机所采用的 PCB 为镜像布局设计。该镜像仅为适配左右耳腔体结构及佩戴方向，不改变电路原理、元器件规格、走线长度匹配及射频性能。

The PCBs used in the left and right earbuds of this product adopt a mirrored layout design. This mirroring is solely for adapting to the left and right ear cavity structures and wearing orientation, and does not alter the circuit principle, component specifications, trace length matching, or RF performance.

经测试验证，左右耳机在发射功率、频率误差、接收灵敏度等关键射频指标上完全一致，电气参数及整体功能亦无差异。

Testing has verified that the left and right earbuds are completely identical in key RF indicators such as transmit power, frequency error, and receive sensitivity, with no differences in electrical parameters or overall functionality.

基于上述原因，本公司认为左右耳机可视为同一设计、同一型号的组成部分，因此申请/声明共用同一 ID。

Based on the above, the company considers the left and right earbuds as components of the same design and same model, and therefore applies/declares to share the same ID.

特此声明。
