

尺寸：284*212mm

> Features

■ Wireless Charging Base* + USB Port

The lamp charges 1 device via USB or Wireless Charging at a time. It supports wireless charging for Qi Wireless charging compatible smartphones.

■ Sleek Design with Aluminium Alloy Arm

The direction of light can be lifted up to an angle of 135 degrees. Ultra-thin lamp head and aluminium alloy arm is durable and visually elegant.

■ Flicker Free LED Lamp

Multiple lighting and brightness modes, non-flickering light, which enables reading or writing longer with less eye fatigue

■ 3 Light Modes and 4 brightness Levels

Adjustable light temperature and brightness modes for reading, working and studying. Touch control for 3 lighting modes (Natural, Cool, Warm) and 4 level brightness levels

■ Touch-Sensitive Control

Operations including power On / Off, mode switch and brightness Up / Down, are all done button-free on the touch-sensitive base

*Built-in wireless charging base supports Qi compatible devices.

> Specifications

- Input: 5V/2.4A
- LED Light Max Output: 12W
- Intensity of illumination: 550 lux
- Lumen: 160Lm
- USB Port Output: 5V/1A
- Wireless Charging Output: 5V/1A
- Wireless Charging Standard: Qi
- Colour Temperature: 3,000K, 4,500K, 6,000K
- LED Lifespan: 50,000hrs
- Dimension: 25cm (Head), 40cm (Arm), 18 x 20cm (Base)

Warranty Information

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

For our assistance with regards to warranty please email to support@simplecom.com.au or create a support ticket at http://www.simplecom.com.au

Limited Warranty Period: 1 Year

The warranty for you, the end—user customer, that the hardware products, accessories, will be free from defects in materials and workmanship under normal usage during the Limited Warranty Period specified above. The Limited Warranty Period starts on the date of purchase by you. Your dated sales or delivery receipt, showing the date of purchase of the product, is your proof of purchase date. You may be required to provide proof of purchase as a condition of receiving warranty service.

Limited Warranty covers only those defects that arise as a result of normal use of the products, and does not cover any other problems, including those that arise as a result of:

- a. Improper or inadequate maintenance or calibration
- b. Operation outside the product's specifications
- c. Accidents, misuse, liquid spills, abuse or other causes that are not defects

FCC Statement

This device complies with part 15 and part 18 of the FCC Rules. Operation is Subject To the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not explicitly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Note: this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 and part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

During the operation of FCC a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

This device complies with Part 18 of the FCC Rules. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase the separation between the equipment and any other radio device.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
