

## Device Security Attestation Letter

Date: July 24, 2026

Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046  
USA

Attn: OET Dept.

**Product/ Model Number: DTEN D7X AI 75/ DB7U1R475**  
**FCC ID: 2AQ7Q-DB7U1R475**

Regarding FCC Country Code Selection guidelines identified in KDB 987594.

### Indoor Client(6XD):

1. Device Protocol Attestation Statement:

- a. the device will only associate and connect with a low-power indoor access point or subordinate device and never directly connect to other client devices.
- b. this device will always initiate transmission under the control of a low- power indoor AP or subordinate except for brief transmissions before joining a network, These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that they will not continually repeat the request if they do not receive a response from an AP.
- c. this device transmissions will be lower or equal to the power advertised by the indoor low-power access point or subordinate and never above the maximum output power allowed by the FCC grant for equipment class 6XD.

2. Understanding of Statement acknowledging device restrictions:

- a. Control of or communications with unmanned aircraft systems is prohibited, including drones.

We declare that no third party will have software, or configuration control, to program the device out of compliance of the technical rules under which it has been certified.
