FCC Statement

This device complies with Part 15 of the FCC Rules . Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.
These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- 1. Reorient or relocate the receiving antenna.
- 2. Increase the separation between the equipment and receiver.
- 3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- 4. Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Non-replaceable light source.
Not intended for illumination. Only used for creating ambiance.

- 1. Do not connect the rope light to the supply while it is in the packing or wound onto a reel;
- 2. Do not use the rope light when covered or recessed into a surface;
- 3. Do not open or cut the rope light;

CAUTION:
RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

Installing Your Strip Light

- 1 Preparation Before Installing
 - a. Unpack the box and check whether all items are intact;
 - b. Power on the strip light to check whether it works well;
 - c. Connect the DC wires to the power brick;
 - d. Fix the DC wires on the engine compartment near the battery;
(Notice: Do not fix on the part that easily gets hot.)
 - e. Connect positive DC wire (red) and negative DC wire (black) to correct poles of the engine.
- 2 Installing Steps:
 - a. Wipe off the installing surface. Make sure it's clean, dry and smooth;
 - b. Remove the protective film from the adhesive tape and stick the strip light;
(Notice: Do not move the strip light to other places once attaching.)
 - c. Remove air bubbles between the strip and surface by pressing the strip from end to end, and fix the fastener by screws to the strip;
 - d. Power on the strip and start to use.
- 3 Using the Strip Light with RF Remote

A	On/Off: Press to turn the light on or off
B	Brightness Adjusting: Press to cycle the brightness level through 1% - 20% - 40% - 60% - 80% - 100%
C	Color Changing: Press to cycle through 20 colors
D	Scene Mode: Press to cycle through 10 Scene Modes in the app.

Downloading the Govee Home App

Download the Govee Home app from App Store (iOS devices) or Google Play (Android devices).
