

Attestation Letter for Indoor Client (6XD) Module Approval

Date: 2024/03/06

TO: Federal Communication Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

We, Ugreen Group Limited attest that this device under FCC ID: 2AQI5-DXP480T complies with device protocol requirements and operational restrictions for indoor Client 6XD.

1. Device Protocol Attestation Statement:

- a. Statement that the device will only associate and connect with a low-power indoor access point or subordinate device and never directly connect to other client devices.
- b. Statement that this device will always initiate transmission under the control of a low-power indoor AP or subordinate except for brief transmissions before joining a network. These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.
- c. Statement that transmissions will be lower or equal to the power advertised by the indoor low-power access point or subordinate and never above the maximum output power allowed by the FCC grant for equipment class 6XD.

2. Understanding of Statement acknowledging device restrictions:

- a. Prohibited for control of or communications with unmanned aircraft systems, including drones.

Sincerely,

Print Name: Chi Yang
