BEFORE YOU START

BEFORE STARTING INSTALLATION, SHUT THE LINE FEED POWER OFF USING THE CIRCUIT BREAKER.

Instructions pertaining to a risk of fire, electric shock or injury to persons. Installation must be done according to local electrical codes. Installation should be done by a certified electrician.

AVANT DE COMMENCER

AVANT DE DÉBUTER L'INSTALLATION, COUPER L'ALIMENTATION DU FIL DU SECTEUR À L'AIDE DU DISJONCTEUR.

Ces instructions se rapportent à un risque d'incendie, de chocs électriques ou de blessures corporelles. L'installation doit être effectuée conformément aux codes électriques locaux. L'installation devrait être effectuée par un électricien qualifié.

- 1** Ensure that the power from the transformer is turned off.
S'assurer que l'alimentation du transformateur est coupée.

- 4** With your foot, insert the stake into the ground.
Avec votre pied, insérer le piquet dans le sol.

- 5** Turn power back on.
Rétablir le courant.

Concrete or deck installation
Installation sur bois ou béton

Use the mounting bracket DCP-ACC-MB (sold separately) to install the fixture on concrete or wood.

Utiliser le support de montage DCP-ACC-MB (vendu séparément) pour installer le luminaire sur le bois ou sur le béton.

- 2** Run the wire through the middle of the ground stake and attach the fixture to the ground stake by turning it until it is fully inserted.
Passer le fil par le centre du piquet de terre et fixer le luminaire au piquet de terre en le tournant jusqu'à ce qu'il soit complètement rentré.

- 3** Connect the fixture.
Brancher le luminaire.

FCC COMPLIANCE

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, Human proximity to the antenna shall not be less than 20cm (8 inches) during normal operation

IC COMPLIANCE

CANICES-5(*)/NMB-5(*)

Industry Canada Notice

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device

- 2.Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

CONFORMITÉ IC

Avis d'Industrie Canada

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS)d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes :

- (1) Cet appareil ne doit pas causer d'interférences.
- (2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

- 2.Cet appareil numérique ne dépasse pas les Rélements sur l'interférence radio par un appareil numérique de classe B stipulées dans les Règlement sur l'Interférence radio d'industrie Canada.

ISED RF Exposure statement

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the ISED radio frequency exposure limits, Human proximity to the antenna shall not be less than 20cm (7.9 inches) during normal operation
