To Whom It May Concern,

Our product 2.4GHz HD Wireless Link (model name: DN2400F-B01P-01,FCC ID: 2AQVB-P241F), it only activates SRD:2410 MHz,2444MHz,2470MHz functions, the other bands are disabled by using the software.

Please contact me if there is need for any additional clarification or information. Best Regards,

Sincerely Yours,

Signature:
