

DIGITAL CALENDAR CA151

All-in-One Family Calendar with Photo Display

Welcome to your new Winnovo Family Calendar.

Once your device is set up, you can start connecting family members and managing schedules together through the AiMOR App. Stay organized and keep everyone in sync—at home or remotely.

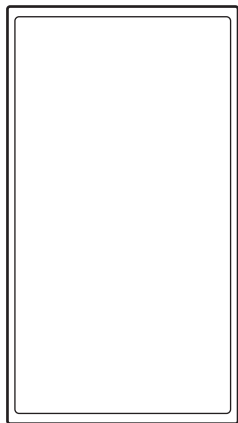

For step-by-step setup guides and feature tutorials, visit our “Winnovo Digital Calendar Tutorials” playlist on the official Winnovo YouTube channel.

Scan the QR code below to get started.

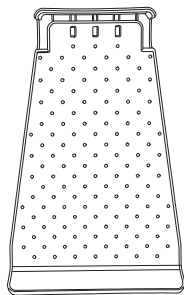

Packing List

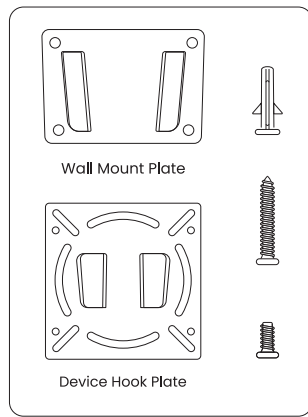

After opening the package, please confirm the contents of the package below.

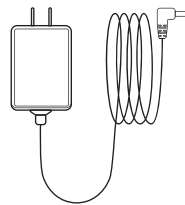

Digital Calendar

Base bracket

Wall Mounting Kit

Power adapter

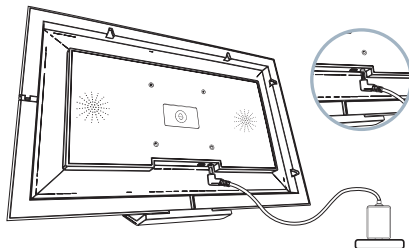

Getting Started

Step 1: Power On the Device

Plug the power adapter into an outlet.

You can place the device on a desk using the stand, or mount it on the wall.

* We recommend completing setup and connection before wall mounting.

Desk Placement (Using the Stand)

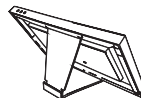

Open the base
to the appropriate angle.

Place the device on the base.

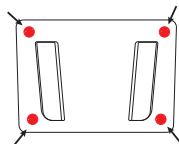

Present the front side.

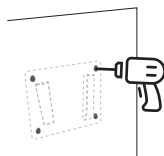

Present the back side.

Wall Mount Installation

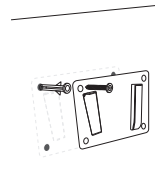

1. Position

Place the Wall Mount Plate on the wall and mark the four holes.

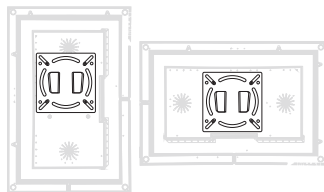

2. Drill

Drill holes at the marked positions.

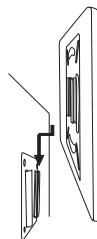

3. Mount

Insert wall anchors and secure the Wall Mount Plate using the long screws.

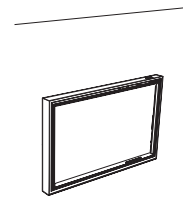

4. Attach

Fix the Device Hook Plate to the back of the device with the short screws.

5. Hang

Connect power, align the plates, and slide the device downward until it locks in place.

Done

Your device is now securely mounted and ready to use.

Step 2: Connect to WiFi

Select your network and enter your password, a list of available Wifi networks will appear on the right side of the screen, tap to choose your network, if your network does not appear, wait for 30 seconds and check once more.

Step 3: Activate & Connect

To sync your schedule with the **Winnovo Calendar**, connect the AiMOR mobile app to your Winnovo calendar device by following the steps below.

1. Download the AiMOR App

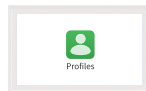

Download the AiMOR App on your mobile phone from the App Store or Google Play.

* AiMOR is the official companion app for Winnovo Digital Calendar

2. Open Device Management

On the Winnovo Calendar, go to Settings → Device Management.

3. Enable Device Sharing

Tap Device Sharing to generate a sharing code.

4. Get the Sharing Code

A unique device sharing code will appear on the screen. This code is valid for 12 hours.

5. Add the Device in the App

On your phone, open the AiMOR App, tap the "+" icon under the Devices tab, and enter the sharing code.

6. Connection Complete

Once added, your mobile app is successfully connected to the AiMOR Calendar and ready to sync.

Share With Family & Friends

You can share the same device code with family members or friends.

Multiple users can connect to one Winnovo Calendar to view, create, and manage schedules together.

Sync Online Calendars

Connect your Winnovo Calendar to your existing online calendars—such as Google, Apple iCloud, Yahoo, Cozi, and Outlook—through the mobile app.

Once connected, any updates made to your online calendars will automatically appear on your Winnovo Calendar.

Google

iCloud

Outlook

Cozi

Yahoo

Photo Display (Optional Feature)

Your Winnovo Calendar supports photo display, allowing you to showcase your favorite moments alongside your schedule.

Upload and manage photos easily through the mobile app. No subscription is required for photo features.

This Device Does Not Require A Subscription

All core calendar features are available with no monthly or annual fees.

Warning

- Use only the power adapter accessory provided by the original manufacturer.
- The gaps and openings on the device are designed for ventilation and heat dissipation. Do not block or cover them.
- Do not use or store the device in dusty, humid, or high-temperature environments.
- Do not attempt to disassemble or repair the device if it malfunctions. Contact Winnovo Support.
- Avoid stepping on the power cord or power adapter to prevent damage to the wires that may cause electrical hazards. If the power adapter's cord is damaged, do not continue to use it as it may be dangerous.
- During thunderstorms or when the device will not be used for an extended period, unplug the power cord.
- Do not place the device on the edge of a desk or in areas where children may easily access it to avoid damage or injury to the child.
- During transport, do not apply excessive pressure on the display screen or scratch it with sharp or hard objects, as this may cause damage to the screen.
- Use a dry, soft cloth or a slightly dampened soft cloth with a mild cleaning solution to clean the device. Do not use any type of solvent, such as alcohol or gasoline, as it may damage the surface treatment layer.
- Make sure children understand the danger of climbing on the product, as dropping or tilting the product may cause serious injury.
- Do not place the product in an unstable or tilted position.
- Keep the cables connected to the product organized to avoid tripping, pulling or grabbing.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

This device meets the FCC requirements for RF exposure. The device is designed for normal indoor use and complies with applicable FCC exposure limits.

CE Statement

This product complies with the essential requirements and other relevant provisions of applicable European Union directives. The manufacturer declares that this product meets the relevant EU standards for health, safety, and environmental protection when used as intended.

Indoor use only.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference

received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could

void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device,

pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause

harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television

reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body
