

USER MANUAL

10000mAh Solid-State Battery Power Bank

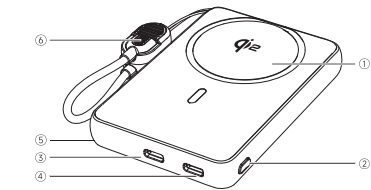

Please read these instructions before using the device to ensure safety and proper use

SAFETY NOTICE

1. Do not hit, throw, puncture, drop, crush, or bend this product.
2. Avoid using the product in high/low temperatures, humid, dusty environments, or under direct sunlight for extended periods.
3. Do not charge the product on flammable materials (e.g., beds, blankets).
4. Do not expose the product to fire, water, or corrosive substances. Never clean with chemical solvents.
5. Keep the product away from strong electromagnetic fields and magnetic devices.
6. Do not disassemble the product to avoid malfunction.
7. Do not immerse the product in water; if it becomes wet, stop using it immediately.
8. Avoid contact with the power bank when your body is wet.
9. Disconnect from power if not in use for a long time.
10. Dispose of the product according to local environmental regulations.
11. Do not attempt to replace the built-in battery yourself to avoid explosion risk.
12. Do not store the product in excessively hot or cold environments.
13. Use only certified power adapters to charge the product to avoid safety hazards.
14. If the product shows swelling, damage, or malfunction, stop using it immediately and contact customer service or the dealer.
15. The product may feel slightly warm during use; this is normal. Limit direct contact to less than 10 seconds.
16. Warning: Improper battery replacement can cause explosion. Only qualified service personnel should replace the battery.

PRODUCT INSTRUCTIONS

- ① Qi2 Magnetic Wireless Charging Panel
- ② Power On/Off Button
- ③ USB-C1 Charging Port
- ④ USB-C2 Charging Port
- ⑤ Display Screen
- ⑥ C-to-C Charging Cable

① Qi2 Magnetic Wireless Charging Panel

Supports attachment to iPhone 12 and later models with Qi2 wireless charging, up to 15W.

② Power On/Off Button

Single press: Power on the power bank and wireless charging.

Double press: Power off.

③ USB-C1 Charging Port

Input: 5V $\Rightarrow$ 3A, 9V $\Rightarrow$ 3A (Max 27W)

Output: 5V $\Rightarrow$ 3A, 9V $\Rightarrow$ 3A, 12V $\Rightarrow$ 2.5A, 15V $\Rightarrow$ 2A, 20V $\Rightarrow$ 1.5A (Max 30W)

④ USB-C2 Charging Port

Input: 5V $\Rightarrow$ 3A, 9V $\Rightarrow$ 3A (Max 27W)

Output: 5V $\Rightarrow$ 3A, 9V $\Rightarrow$ 3A, 12V $\Rightarrow$ 2.5A, 15V $\Rightarrow$ 2A, 20V $\Rightarrow$ 1.5A (Max 30W)

⑤ LED Display Screen

Shows remaining battery percentage in real time.

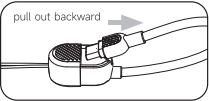

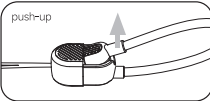

When the power button is pressed and no device is detected, the LED lights up for 3 seconds then turns off.

Automatically lights up when a device is connected, showing current battery level.

⑥ C-to-C Cable

Includes a lanyard hole for carrying; can be detached and used as a charging cable.

Anti-drop design:

PRODUCT SPECIFICATION

10000mAh Solid-State Battery Power Bank

Model: D1052B1

Battery Specification: 5000mAh*2pcs Battery Capacity: 5000mAh/7.4V/37Wh

Rated Capacity: 6000mAh (5V $\Rightarrow$ 3A)

Qi2 Output Power: 5V / 7.5W / 15W

C1 / C2 Input Power: 5V $\Rightarrow$ 3A, 9V $\Rightarrow$ 3A (Max 27W)

C1 / C2 Output Power: 5V $\Rightarrow$ 3A, 9V $\Rightarrow$ 3A, 12V $\Rightarrow$ 2.5A, 15V $\Rightarrow$ 2A, 20V $\Rightarrow$ 1.5A (Max 30W)

Combined Output: C1 + C2: 7.5W + 7.5W C1 + Qi2: 12W + 5W C2 + Qi2: 12W + 5W

C1 + C2 + Qi2: 7.5W + 7.5W + 5W

Product Dimensions: 105 $\times$ 72 $\times$ 19.6 mm Weight: 220 g

PACKAGING LIST

Power bank X 1 , C to C Charging cable X 1 , User manual X 1

COMPLIANCE

FCC statement:

This device complies with Part 15 of the FCC Rules. Operation needs to meet the following two conditions:

- (1) This device will not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in the installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in

accordance with the instructions, may cause harmful interference to radio communications, but there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, Users are encouraged to try to correct the interference by one or more of the following measures:

Re-adjust or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

CE

This device complies with the requirements of the following regulations: EN 62368-1, EN IEC 62311, ETSI EN 301489 and ETSI EN 303417.

WEEE

For users from EU (European Union) members: In compliance with the WEEE (Waste Electrical and Electronic Equipment) directive, do not dispose of this product as household or commercial waste. Waste electrical and electronic equipment should be collected and recycled appropriately in accordance with the practices established in your country. For information about recycling of this product, please contact your local government agency, household waste disposal service or the store where you purchased this product.
